

Design Public Hearing
Valley Road Bridge Replacement
Barre, MA

What is happening?

An in-person design public hearing will be hosted to present the preliminary design for the bridge replacement project of Valley Road over the Prince River in Barre, Massachusetts (MassDOT Project #613303). MassDOT and design consultants will present the current design plans, anticipated construction schedule, and general construction impacts.

How will this affect you?

The existing bridge is currently closed and will remain closed for all users during construction, with Valley Road traffic north and south of the bridge limited to local traffic only. Access to all nearby properties will remain accessible. Existing detour will be maintained and enhanced with signage. Water, sewer, drainage, and overhead power/phone/cable utilities along Valley Road will be relocated/reconstructed.

When

December 8, 2026
6:00 pm

Where

Henry Woods Building
40 West Street
Barre, MA

Visit *https://www.mass.gov/orgs/highway-division/events* for more information or to view a recording of the presentation if you are unable to attend the meeting.

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10-15 days prior to the event.

Project inquiries may also be emailed to MassDOTProjectManagement@dot.state.ma.us. Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavallee, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: PROJECT MANAGEMENT, PROJECT FILE NO. 613303**
