

Bowker Overpass Bridge Superstructure Replacement and New Bridge Construction

What is happening?

MassDOT is replacing and widening the bridge superstructure of the structurally deficient Bowker Overpass over I-90 to better manage traffic patterns, maximize parkland, and reestablish the connection between the Emerald Necklace and the neighborhood.

How will this affect you?

A Live Virtual Design Public Hearing will be hosted on the MassDOT website below to present the design for the proposed bridge superstructure replacement and widening. This hearing will provide the public with the opportunity to become fully acquainted with the proposed project. All views and comments submitted in response to the hearing will be reviewed and considered to the maximum extent possible.

When

Thursday October 26, 2023
6:00 p.m. – 7:30 p.m.

Attend

www.mass.gov/orgs/highway-division/events

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10-15 days prior to the event.

Project inquiries may also be emailed to MassDOTMajorProjects@dot.state.ma.us

Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavallee, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: PROJECT MANAGEMENT, PROJECT FILE NO. 606496**
