

Virtual Design Public Hearing

Intersection Improvements at Centre Street (Route 123) and Plymouth Street, Brockton, MA

What is happening?

The purpose of this Virtual Design Public Hearing is to provide the public with the opportunity to become fully acquainted with the Centre Street (Route 123) at Plymouth Street Improvements Project in the City of Brockton, MA. Reconstruction of this corridor and intersection will provide roadway safety improvements including new traffic and pedestrian signals, constructing of ADA compliant sidewalks and ramps, bicycle accommodations, pavement rehabilitation, new signing and striping, improved street lighting, relocation of overhead wires and stormwater system improvements.

How will this affect you?

The proposed project will enhance safety for all users, improve traffic operations, improve accessibility for pedestrians, and provide accommodations for cyclists. To facilitate the completion of the roadway construction project, temporary traffic conditions will involve single lane closures and may require brief, short-term detours.

When:

February 25, 2025 6:00 PM EST
