

# Design Public Hearing

## Chelsea Downtown Broadway Project

### What is happening?

The purpose of this hearing is to provide the public with the opportunity to become fully acquainted with the proposed Downtown Broadway Project. All views and comments submitted in response to the hearing will be reviewed and considered to the maximum extent possible.

### How will this affect you?

The proposed project consists of adding MassDOT and Massachusetts Bay Transportation Authority (MBTA) improvements along the Broadway Corridor from City Hall to Williams Street, including the permanent addition of the Downtown Broadway Bus/Bike Lane Pilot, intersection safety improvements, and the reconfiguration of the Bellingham Square signalized intersection. The completion of these improvements advances key goals of the 2018 City of Chelsea Re-imagining Broadway Plan, which rethinks the traffic and circulation of the Downtown Chelsea area.
