

Virtual Design Public Hearing

District 2 Accessibility Improvements at Multiple Locations (Central Project)

Chicopee, MA, Holyoke, MA, & Westfield, MA

What is happening?

The purpose of this Virtual Design Public Hearing is to provide the public with the opportunity to become fully acquainted with accessibility improvements at the intersection of Route 116 and Granby Road in Chicopee, MA, the intersection of the I-91 Northbound Exit 15b Off-ramp and Route 141 in Holyoke, MA, and on Route 202 between the two Colonial Pine Acre Driveways in Westfield, MA. The accessibility improvements will include upgraded pedestrian signal infrastructure, sidewalks, pedestrian curb ramps, and additional, safer crossing locations.

How will this affect you?

The project intends to replace deficient and non-compliant pedestrian infrastructure with compliant and updated pedestrian infrastructure that better accommodates pedestrians and improves safety. In Chicopee, the work will include new pedestrian signal equipment and pedestrian curb ramps. In Holyoke, the work will include a realigned off-ramp and approximately 500 feet of new sidewalk and pedestrian curb ramps. In Westfield, the work will include approximately 300 feet of new sidewalk and pedestrian curb ramp and an established crossing location at two PVTA bus stops. There will be temporary vehicular and pedestrian detours during construction.
