

DESIGN PUBLIC HEARING

Resurfacing and Box Widening on Ayer Road Harvard, MA

What is happening?

A Live Virtual Design Public Hearing will be hosted on the MassDOT website below to present the design for the Resurfacing and Box Widening on Ayer Road, from Route 2 to the Ayer Town Line project in Harvard, MA.

How will this affect you?

The proposed project consists of improvements to approximately 1.7 miles of Ayer Road from the Route 2 interchange to the Harvard/Ayer town line. The proposed improvements consist of reconstructing Ayer Road to provide a consistent roadway width with 11-foot lanes and 4-foot shoulders, widening to provide a left turn lane at Gebo Lane, and realigning approximately 650 feet of Gebo Lane to improve vehicular sight distances. A new shared use path will be constructed along the west side of Ayer Road throughout the project.
