

Holyoke – Beech St at Resnic Blvd Design Public Hearing

What is happening?

A design public hearing will be held for the Beech Street at Resnic Boulevard Improvement Project in Holyoke. The purpose of the hearing is to describe the Project and record public input for consideration into the Project's design to the maximum extent possible. The existing signalized intersection will be reconstructed as a roundabout.

How will this affect you?

The existing signalized intersection will be reconstructed as a roundabout. Pedestrians and bicyclists will be accommodated via shared-use paths around the outside of the roundabout.
