

# Design Public Hearing for Lee Bridge Replacement L-05-013

## What is happening?

The purpose of this hearing is to provide the public with the opportunity to become fully acquainted with the proposed project located on Mill Street over Washington Mountain Brook. All views and comments submitted in response to the hearing will be reviewed and considered to the maximum extent possible.

## How will this affect you?

The proposed project consists of a complete replacement of Bridge L-05-013. The existing bridge was built in 1911 and widened in 1937. The proposed bridge will include two travel lanes, two shoulders, and a sidewalk on the easterly side of the roadway and bridge. Alternating one way traffic and access to abutting driveways will be maintained during construction.
