

Design Public Hearing Emergency Recovery Projects - Leominster

What is happening?

A Design Public Hearing for the proposed Emergency Recovery efforts at multiple locations within the City of Leominster will be held at the City Hall Auditorium. The purpose of this hearing is to provide the public the opportunity to become fully acquainted with the proposed projects and gather any local feedback that could be of value to the design team. The projects include:

- Full replacement of the culvert structure carrying Pleasant Street near the intersection with Colburn Street
- Replacement of retaining wall and sidewalk at Lancaster Street (near Malburn Street)
- · Slope stabilization at Union Street stream crossing structure
- · Replacement of sidewalk slab and wingwall stabilization at Mechanic Street

How will this affect you?

These projects will improve the infrastructure resiliency of various locations around the City of Leominster and restore vital assets to their condition prior to the historic storm event of September 2023. The work may also cause temporary traffic disruptions within the City of Leominster.

When

APRIL 1, 2025 6:00PM EST

Where

LEOMINSTER CITY HALL CITY HALL AUDITORIUM 25 WEST STREET LEOMINSTER, MA 01453

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services.
