

In-Person Project Information Meeting Resurfacing and Related Work on Route 110

What is happening?

The purpose of this meeting is to provide the public with the opportunity to become fully acquainted with the proposed Lowell–Dracut–Methuen – Resurfacing and Related Work on Route 110 project. All views and comments submitted in response to the meeting will be reviewed and considered to the maximum extent possible.

How will this affect you?

The revised design moving forward will no longer be proposing a shared use path along the south side of the road. Instead, there will be bike lanes on either side of the road, buffered from the vehicle lanes by a painted buffer containing flex posts. The sidewalk along the north side of the roadway will be reconstructed to be 5-ft wide and ADA compliant. All MassDOT projects need to include considerations for bikes and pedestrians. All work will be done within the state-owned layout.

We also agree that the speeds of motor vehicles along the corridor need to be reduced. Providing narrower lanes, and now buffered bike lanes, will help with that speed reduction, as roadway narrowing is a proven traffic calming technique as are median islands which are also proposed at various locations. There will be breaks in the flex posts for all driveways with plenty of space for access to your property for vehicle maneuvers, trash pick-up, and mail or other delivery.

When

June 18, 2024
6:00 PM

Where

Harmony Hall
1624 Lakeview Avenue
Dracut, MA 01826

Visit www.mass.gov/orgs/highway-division/events for more information.

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10-15 days prior to the event.

Project inquiries may also be emailed to MassDOTProjectManagement@dot.state.ma.us. Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavalley, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: PROJECT MANAGEMENT, PROJECT FILE NO. 608816**
