

Design Public Hearing to discuss the replacement of the Maple Street Bridge over the Ipswich River

What is happening?

MassDOT will host a virtual (on-line) Design Public Hearing to provide the community an opportunity to understand the proposed project. The Bridge is located on Maple Street (Route 62), between the side streets of Oak Street and Perkins Road (in Middleton) near the Danvers Town Line.

How will this affect you?

The proposed project includes the full replacement of the roadway bridge, The addition of a Trail bridge and paved trail adjacent to the road in the old Railroad right of way, and relocation of major utilities from the roadway bridge onto the trail bridge. The construction will be staged to keep one roadway lane in each direction open at all times and the trail bridge will be built first to allow pedestrian and bikes safe passage through the project area. MassDOT encourages all interested members of the community to attend and learn more about this project.

When

WEDNESDAY January 7th, 2026
7.00 P.M.

Attend

www.mass.gov/orgs/highway-division/events

Visit www.mass.gov/orgs/highway-division/events for more information or to view a recording of the presentation if you are unable to attend the meeting.

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10 days prior to the event.

Project inquiries may also be emailed to MassDOTMajorProjects@dot.state.ma.us. Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavalley, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: Major Projects, PROJECT FILE NO. 608522**
