

## Public Information Meeting

# NATICK – Boden Lane Bridge over the MBTA Railroad

### What is happening?

The purpose of this Public Information Meeting is to provide the public with the opportunity to become fully acquainted with the proposed Boden Lane Bridge Replacement Project. All views and comments made at the hearing will be reviewed and considered to the maximum extent possible.

### How will this affect you?

The proposed project will replace the vehicular bridge over the MBTA Railroad which was taken out of service and removed after being struck in October of 2019. The proposed replacement will include replacement of the bridge abutments and superstructure and will provide one lane of southbound vehicular travel along with a new sidewalk on the west side of Boden Lane and bicycle accommodations serving two directions of bicycle travel. Pedestrian access will be maintained across the Railroad throughout construction.

### When

Tuesday, November 15, 2022  
6:00 PM

### Attend
