

# Old Springfield Rd over the Mill River Bridge Replacement

## Virtual Design Public Hearing

### What is happening?

The purpose of this Virtual Design Public Hearing is to provide the public the opportunity to become fully acquainted with the Old Springfield Road over the Mill River Bridge Replacement project in Northampton, MA. All views and comments made at the hearing will be reviewed and considered to the maximum extent possible.

### How will this affect you?

The original concrete bridge was built in 1939 and is structurally deficient and functionally obsolete. In 1991 a steel bridge was placed on top of the original concrete structure, but the bridge still floods during the winter months. A new bridge is need to improve roadway geometry to improve function for roadway users.

### When

October 18<sup>th</sup>, 2023  
7:00pm to 8:30pm

### Attend
