

Greenway Rail Trail Construction – Coleman Road to Route 10 Public Hearing Southampton, MA

What is happening?

The purpose of this hearing is to provide the public with the opportunity to learn about the proposed design for the Greenway Rail Trail Construction ("Southampton Greenway"). Public comment and concerns are being solicited and will be reviewed and considered to the maximum extent possible.

How will this affect you?

The project consists of the construction of 3.1 miles of shared-use path along the former railroad corridor. The path will continue from the existing Manhan Rail Trail end on Coleman Road to Route 10 near the Brickyard Road intersection. Two former railroad bridges over the Manhan River will be rehabilitated for path use. The project will include new parking areas at Route 10 near Brickyard Road and along Gunn Road, ADA compliant ramps, wood rail fence, and rehabilitation of drainage features beneath the rail bed.
