

Westfield – Intersection Improvements at Southampton Road, Servistar Industrial Way and Barnes Airport Drive

A design public hearing will be held for the Southampton Road, Servistar Industrial Way and Barnes Airport Drive intersection improvement project in Westfield. The purpose of the hearing is to describe the project and associated impacts while recording public input for consideration into the project's design. The existing intersection will be reconstructed as a single-lane peanut shaped roundabout. Pedestrians and bicyclists will be accommodated via shared-use paths around the outside of the intersection.

How will this affect you?

The existing intersection is proposed to undergo full reconstruction as a roundabout beginning in the Spring of 2027. Construction is anticipated to require up to three construction seasons.

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10 days prior to the event.

Project inquiries may also be emailed to MassDOTProjectManagement@dot.state.ma.us. Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavalley, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: PROJECT MANAGEMENT, PROJECT FILE NO. 612600**
