

CANA Tunnel Rehabilitation Project Public Information Meeting

What is happening?

MassDOT is hosting a public meeting to share information and gather feedback on the CANA Tunnel and Vent Buildings Rehabilitation Project in Boston, MA. This project will upgrade critical tunnel infrastructure, including lighting, drainage, structural elements, and safety systems, as well as modernize the ventilation buildings that support tunnel operations. The meeting will provide an overview of the planned work, construction schedule, and what to expect, while giving community members an opportunity to ask questions and share input.

How will this affect you?

Construction in the CANA Tunnel will take place primarily at night, and drivers may experience overnight lane closures, detours, and shifting traffic patterns in and around the tunnel. Activity at the ventilation and pump buildings will primarily be performed during the day. These improvements are designed to enhance safety, reliability, and the overall travel experience for all users.

When

Monday, April 13, 2026
6:00pm

Attend

Bunker Hill Community College
Room C-202
250 Rutherford Ave, Boston

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10 days prior to the event.

Project inquiries may also be emailed to MassDOTMajorProjects@dot.state.ma.us. Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavalley, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: Major Projects, PROJECT FILE NO. [FILE NO.]**
