

MassDOT Project #613708 - Intersection Improvements on Greenfield Road (Routes 5 / 10) at Mill Village Road and North Main Street in Deerfield, MA

What is happening?

A Live Virtual Public Informational Meeting will be hosted on the MassDOT website to present the design for the Intersection Improvements on Greenfield Road (Routes 5 / 10) at Mill Village Road and North Main Street project in Deerfield, MA. This project will improve the approaching roadway geometry and sight distance with a proposed roundabout. The roadways would include widening and resurfacing or reconstruction, including curbing, new line striping, and signage throughout. Bicycle and pedestrian accommodations will consist of an 8' shared use path around the roundabout with shared lane markings provided in accordance with applicable design guides.

How will this affect you?

No construction start date of the proposed project has been set yet since it is currently in the design stage. At this time, the project is estimated to be advertised in the Winter of 2026 and construction could begin as early as the Spring of 2027.
