

Project Open House: Rotary Improvements on Route 6 at the Eastham/Orleans Rotary

What is happening?

MassDOT is hosting a Public Open House for the Rotary Improvements project at the Route 6 Rotary in Eastham and Orleans. The proposed project consists of reconstructing the Route 6 Rotary to improve safety for all roadway users, and to increase the resilience of Route 6 to flooding in future years.

How will this affect you?

MassDOT has developed several alternative designs for this project, which will be presented to the public for feedback at the Open House. The feedback received from the public will be used to determine the preferred alternative to advance into design.
