

Public Informational Meeting

Bicycle and Pedestrian Improvements on Mohawk Trail

Greenfield, MA

What is happening?

A public informational meeting is being held to gather feedback and suggestions for a proposed shared-use path along the north side of the Mohawk Trail. The project extends from the intersection with Colrain Road/Robbins Road, through the I-91 rotary, to the intersection with Shelburne Road/River Street.

How will this affect you?

Once completed, the safety of bicycling and walking along Mohawk Trail will be enhanced. This includes a path along the outside of a portion of the I-91 rotary. The existing signalized intersection of Mohawk Trail at Newton Street will be upgraded.
