

Public Information Meeting

BRIDGE REPLACEMENT, S-01-024 JEFFERSON AVENUE OVER PARALLEL STREET SALEM, MA

What is happening?

A Live Virtual Public Information Meeting will be hosted on the MassDOT website below to present the preliminary design for the bridge replacement project of the Jefferson Avenue over Parallel Street in Salem, Massachusetts.

How will this affect you?

The portion of Parallel St., beneath the Jefferson Ave. Bridge, will be closed during construction. An access road for the (4) properties west of the bridge on Parallel St. is proposed. The bridge replacement will involve 2-stages of construction utilizing a single, alternating traffic lane with temporary signals on Jefferson Ave. Water, gas, and overhead power/phone/cable utilities within Jefferson Ave. will be relocated/reconstructed. Approach retaining walls along Jefferson Ave. will be repaired. Pedestrian and bicycle access along Jefferson Ave. and to Parallel St. will be relocated.

When
