

Bourne Rotary Interim Improvements Virtual Public Information Meeting

What is happening?

The purpose of this meeting is to provide the public with the opportunity to become fully acquainted with the proposed Bourne Rotary Interim Improvements Project. All views and comments submitted in response to the meeting will be reviewed and considered to the maximum extent possible.

How will this affect you?

Safety is a major concern at this rotary which has an above average crash rate District wide for unsignalized intersections. MassDOT's Cape Cod Canal Transportation Study documents major improvements needed at this rotary. Rotary retrofit improvements will help in resolving the safety and traffic congestion concerns for residents, businesses, and visitors. There are no Right of Way impacts associated with this project.

When

December 1, 2022
7:00 PM

Attend
