

# D5 Bridge Bundle Public Information Meeting

## What is happening?

The Massachusetts Department of Transportation (MassDOT) is hosting a Live Virtual Public Information Meeting on **Tuesday, April 9, 2024**. At this meeting, the project team will update the public on the design and discuss early construction activities for the six bridge rehabilitation projects, located at:

- East Street over Route 3 in Duxbury;
- George Street over Copeland Drive in Mansfield;
- River Street over Plimoth Patuxet Highway and Jordan Road over Route 3 in Plymouth;
- Charge Pond Road over Route 25 in Wareham; and
- Pickens Street over Route 140 in Lakeville.

The meeting will begin with a presentation by the project team, followed by time for attendees to ask questions.

## How will this affect you?

MassDOT is rehabilitating eight (8) bridges, including bridge deck replacements, at six (6) locations throughout District 5 in Bristol and Plymouth Counties to improve the safety and life span of the bridges. The bridges cross over Route 3, Route 25, Route 140, Plimoth Patuxet Highway, and Copeland Drive. Proposed work also includes preservation activities involving full cleaning and painting of structural steel, steel repairs, bearing replacements, substructure repairs, and other ancillary repairs. In some instances, superstructure replacements may be considered.

Temporary traffic controls will be employed to perform the required work.

## When

Tuesday, April 9, 2024  
6:00 PM

## Attend
