

PFC Ralph T. Basiliere Bridge Replacement

What is happening?

The Private First Class (PFC) Ralph T. Basiliere Bridge, though safe for all users, has reached the end of its useful lifespan and must be replaced. MassDOT will hold a public information meeting to share the results of the last approximately eight months of work by the design team and with the Haverhill community to develop a concept for the replacement bridge and ways in which interested parties can continue to participate in the public process as the design process moves forward.

How will this affect you?

Since March 2023, MassDOT has been developing a concept for the replacement Basiliere Bridge including overall appearance, roadway cross-section, bicycle and pedestrian accommodations, and potential vertical elements to give the new structure a sense of architectural character. This meeting represents a chance for MassDOT to share the concept with Haverhill as the project moves from concept towards more detailed design.

When

WEDNESDAY NOVEMBER 15th, 2023
6:00-8:00PM

Where

UMASS LOWELL INNOVATION HUB
2 MERRIMACK STREET
HAVERHILL, MA 01810

Please note a set of minutes will be generated for this meeting.

Visit <https://www.mass.gov/orgs/highway-division/events> for more information.

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10-15 days prior to the event.

Project inquiries may also be emailed to haverhillbasilierebridge@dot.state.ma.us

Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavallee, P.E., Chief Engineer, Carrie A. Lavallee, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: BRIDGE SECTION PROJECT FILE NO. 605304**
