

New Bedford I-195/Route 18 Interchange Rehabilitation Project Public Information Meeting

What is happening?

The purpose of this meeting is to provide the public with the opportunity to become fully acquainted with the proposed project. All residents, abutters, local business owners, and interested commuters are invited to attend. After a presentation by the project team, meeting attendees will have the opportunity to ask questions and offer comments. All views and comments submitted in response to the meeting will be reviewed and considered to the maximum extent possible.

How will this affect you?

MassDOT is replacing the I-195/Route 18 interchange in New Bedford. The project will address the poor conditions along the interchange, improve safety, and construct a noise barrier to buffer the surrounding community. Construction is scheduled to begin in July 2025 and will impact local and regional traffic as well as abutters below the viaduct.

When

June 26, 2025
6:00 PM

Where
