

Palmer Station Planning and Design – Public Information Meeting

What is happening?

MassDOT invites you to a public information meeting on the Palmer Station Planning and Design Project. The project team will provide an overview of the study's background, the station site alternatives and evaluation, and design considerations for a potential future rail station in Palmer. Attendees will be asked to provide feedback on the alternatives and design considerations. All comments will be taken into consideration as MassDOT and the Steering Committee move forward in the site selection process.

For individuals who are unable to attend, comments and questions may be submitted electronically to andrew.m.koziol@dot.state.ma.us.

About the project

As part of MassDOT's Compass Rail program to expand intercity passenger rail in Massachusetts, MassDOT is conducting a study to identify a new passenger rail station along the proposed Compass Rail corridor serving the Town of Palmer and surrounding communities. The proposed new passenger rail station will enhance mobility and connectivity, support local planning goals, and drive economic development.
