

Route 28 at Chickatawbut Road Intersection Improvement Project Public Information Meeting

What is happening?

The Massachusetts Department of Transportation (MassDOT) is hosting a virtual public information meeting to inform the public on the Route 28 at Chickatawbut Road Intersection Improvement Project. MassDOT will provide an overview of the project including construction schedule and traffic and community impacts. All residents, local business owners, and interested commuters are invited to attend and will have the opportunity to ask questions after the presentation.

How will this affect you?

This project will replace the Route 28 and Chickatawbut Road intersection with a roundabout. Major construction activities are expected to begin in the fall of 2026 with full project completion in the fall of 2029. Fixed work zones and traffic pattern changes are expected to impact the traveling public.

When

Thursday, September 17, 2026
6:00 PM
