

Public Information Meeting

605332 Salem – Bridge/Culvert Replacement – North Street over North River

What is happening?

The purpose of this meeting is to provide the public with the opportunity to become fully acquainted with the proposed project. All views and comments made at the meeting will be reviewed and considered to the maximum extent possible.

How will this affect you?

The proposed project will replace an existing culvert (Bridge No. S-01-001), with a bridge or bridges in Salem, MA. The existing culvert carries Green Trail, North Street (Route 114) and a pedestrian path over the North River. The project will improve structural integrity and hydraulic capacity of the culvert while maintaining multimodal connections. The project will also enhance regional connectivity and improve local connections to recreational and transit facilities located near the project.
