

Milestone Road at Polpis Road Virtual Public Information Meeting

What is happening?

The purpose of this meeting is to provide the public with the opportunity to become fully acquainted with the proposed Intersection Improvements at Milestone Road at Polpis Road and the Extension of the 'Sconset Bikepath project. Public comment and concerns are being solicited and will be reviewed and considered to the maximum extent possible.

How will this affect you?

The purpose of this project is to improve intersection operations and safety at Milestone Road at Polpis Road in Nantucket, MA, through the design and construction of a new intersection configuration. The project will also include the construction of a shared-use-path on the north side of Milestone Road between Monomoy Road and the existing Polpis Bike Path for a distance of approximately 1,600 feet. The project will make geometric changes to the Polpis Road approach to improve safety and accessibility for all users while providing an extension of the shared use path through the intersection on the north side of Milestone Road.
