Update for the Capital Programs Committee

December 2017

Overview of CIP Calendar

December	<ul style="list-style-type: none">• Financial planning and estimation (sources)• Number of programs and program definitions are finalized
January	<ul style="list-style-type: none">• Initial CIP program sizing and scoring
February	<ul style="list-style-type: none">• MassDOT Divisions and MBTA conduct "Readiness Days"• Stakeholder engagement (Phase 1)• Draft project selection• Final draft of sources & uses
March	<ul style="list-style-type: none">• Initial drafting• Assess proposed programs within context of fiscal constraint
April	<ul style="list-style-type: none">• Sources & uses QA/QC• Final fiscal constraint analysis• Equity analysis update• Submit initial TAMP to FHWA• Update on projects' readiness
May	<ul style="list-style-type: none">• Boards approve the Draft CIP• Public engagement (Phase 2)
June	<ul style="list-style-type: none">• Boards approve the final CIP

Model

- Recent additions include more information on assets, project information, and location.

Asset Management

- Transportation Asset Management Plan (TAMP): 10 year forecast of bridge and pavement projects on the National Highway System (NHS).
- Transit Asset Management (TAM): MBTA's and RTAs' reports on Performance Targets for Rolling Stock; Facilities; Infrastructure and Equipment.

Engagement

- Focus will be on *process*, not projects and will involve more education on CIP process for underrepresented groups early in the CIP development.

Equity

- Developing an improved methodology to allow for a year-over-year comparison and consistent metrics based on analysis of past equity determinations.

Scoring Improvements: Economic Impact

- Developing a new economic impact methodology for scoring, which will be used for the 2020 – 2024 CIP cycle.

MassDOT / MBTA: CIP Process Improvements

The FY19-23 MBTA CIP process will focus on four areas of emphasis

Align priorities with strategic playbook

- Coordinate with Focus40 and Integrated Fleet and Facilities Plan Teams
- Identify projects that support strategic goals, objectives, and measures

Issue agency-wide call for projects

- Launched call for projects on December 1
- Updated intake form to reflect cost-benefit framework for stronger analysis

Review and refine existing projects

- Update budgets, schedules, and cash flows of existing projects
- Assign unallocated FY18-22 funds pending outcome of policy and planning processes

Incorporate Asset Management data

- Leverage ongoing asset inventory and condition assessments
- Consider how projects contribute to FTA Transit Asset Management performance targets

Throughout

- Facilitate cross-agency CIP program meetings with asset owners, project managers, and departments with system-wide oversight and expertise
- More closely align the MBTA process with the Project Selection Advisory Council (PSAC) recommendations
- Build internal capacity to support development of project schedules and budget estimates

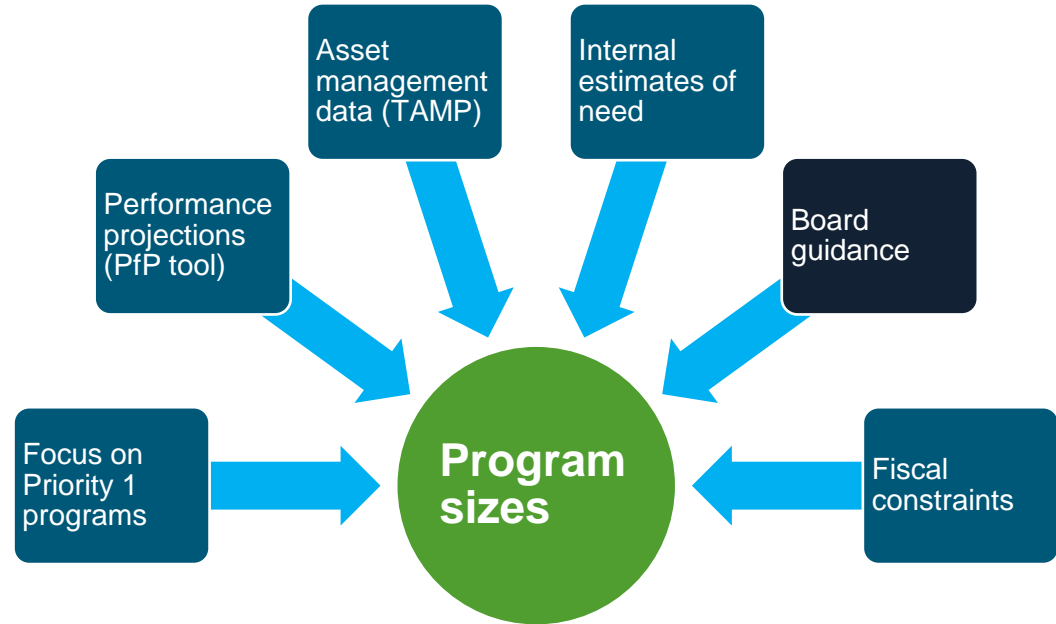

- **What is next for 2019-2023?**

December milestones

- **Balance sheet exercise**
 - What are the funding sources for the next CIP Update?
- **Priority or program changes?**
 - Determine anything new in policies that needs to be reflected in the next update
- **Accept data submissions from Divisions to build updated investment lists for model**
- **Targeted process for stakeholder outreach**

January milestones

- **Project scoring**
 - Divisions finish scoring projects
- **Begin program sizing**
 - Divisions propose program sizes

February milestones

- **Project selection**
 - Divisions fill programs with proposed projects
- **Project readiness**
 - Divisions hold “Readiness Days” to help identify appropriate year(s) for project funding

Proposed Board engagement:

- CPC meeting
- **Presentation/confirmation on Sources and Program Sizing**

March milestones

- Initial drafting
- Obligations / Cash Flows
 - Assess proposed programs and projects within context of fiscal constraints and cash flows

April milestones

- **Quality controls**
 - Firm up programs and projects
- **Obligations / Cash Flows**
 - Run final fiscal constraint check before draft CIP sent to Board(s) in May
 - A&F and MassDOT staff coordinate on bond cap and other cash equivalents

Proposed Board engagement:

- **CPC meeting**
 - Sources & uses
 - Engagement update
 - Equity update
 - Readiness update

May milestones

- Draft CIP released
 - Joint Board releases CIP for public comment
 - 10 – 12 public meetings across state

June milestone

- Final CIP consideration
 - Following public comment and revisions, Joint Board considers CIP for approval

Looking Ahead: 2020 – 2024 CIP Cycle

- The next CIP round will include:
 - Integration with ***asset management plans*** as assessments of current assets inform future project prioritization (based on TAMP and TAM plans)
 - A more comprehensive, transparent, and data-driven ***economic impact project scoring methodology***
- More improvements to be determined
