Enrollment Calculation Methodology

MassHealth enrollment in a given month continues to change after the last day of the month due to retroactive eligibility changes. This can occur due to retroactive eligibility determination processing, application verification, eligibility appeals and changes in member attributes. Due to these changes, MassHealth reports two different measures of enrollment in this document.

Total Snapshot Enrollment =

Member count as of the last day of the month.
Updated with latest information available to provide the most accurate representation of enrollment.

Total Member Months =

Total number of eligible days divided by the number of members.
Updated with latest information available to provide the most accurate representation of enrollment.

ber 2021. This translates into a 0.7% increase

ased by 257 members or 0.3%

of the month due to members subject
termination, redetermination
id categories. To account for these
nent:

e month; not adjusted for retroactive

by the number of days in the month.
ble at each publication. This is the
lment for budgeting purposes.
