

One Care: Implementation Council Meeting

Executive Office of Health & Human Services

MassHealth Demonstration
to Integrate Care for Dual Eligibles

December 16, 2016, 1:00 PM – 3:00 PM
Department of Public Health
250 Washington St., 2nd Floor
Boston, MA

On a good note...

- We appreciate the partnership with the Implementation Council as we've gotten One Care back onto stable footing and focused on smart, sustainable growth strategies
 - Targeted outreach mailings this Fall contributed to 800+ self-selection enrollments for December 1, 2016 – this is the highest self-selection volume we've seen since the beginning of the Demonstration

- CommonHealth in One Care
 - November 2016 1115 Waiver approval now provides federal match for CommonHealth members once they turn 65 (previously 100% state-funded)
 - CommonHealth members enrolled in One Care will soon be able to stay in One Care when they turn 65

- 2017 Enrollment Strategies:
 - Additional targeted outreach (mailings, education, events)
 - Next quarterly passive effective April 1, 2017
 - Online enrollment form

- We look forward to partnering with the Implementation Council in the new term to continue to strengthen and grow One Care

THANK YOU

We are extremely grateful to the Implementation Council members for all of your dedication and hard work to ensure that One Care is the best it can be.
