

Important Information for MassHealth Members who are Non-Citizens

You will need to
renew your coverage
this year.

MassHealth wants to help you
and your family stay covered.

Take three steps to
renew your coverage:

-  **1. Update your info**
-  **2. Check your mail**
-  **3. Respond to MassHealth**

If you are undocumented, you should still send in
your renewal and any information you have.

**When it is time for your renewal, please send us
copies of all the citizenship and immigration
documents you have.** More is always better so we
can get you the best benefit you qualify for.

An application for extension on an expired status
(I-797) may be enough to satisfy immigration status
requirements.

MassHealth will never report you or your family to DHS, USCIS, or ICE

Please send all the documents you have so we can get you the best benefit you qualify for.
You aren't at risk if you send us your documents to check your eligibility.

Act now. Stay covered.
