

HEALTH POLICY COMMISSION

Request for Information Moving Massachusetts Upstream (MassUP)

Questions and Answers

1. Is the MassUP investment program limited to a specific population, such as an organization's MassHealth patient population?

No. The MassUP investment program is not limited to a specific patient population. The partnerships funded by MassUP will address upstream challenges in a geographically defined community.

2. If an organization does not respond to the RFI, will they still be eligible to apply for MassUP investment program funds when the RFP is released?

Yes. Not responding to the RFI does not preclude participation in any future MassUP investment program procurement.
