## I. Executive Summary

MED-Project LLC (“MED-Project”) operates a product stewardship program (“Program”) under its Product Stewardship Plan for Opioids and Benzodiazepines from Households (“Plan”) in the Commonwealth of Massachusetts, dated July 16, 2018, approved on November 26, 2018, in compliance with Massachusetts General Law c. 94H, the Drug Stewardship Program. This 2024 Commonwealth of Massachusetts Annual Report (“Report”) describes the activities of MED-Project between January 1, 2024, and December 31, 2024 (the “Reporting Period”). All capitalized terminology not defined in this Report is derived from the Plan.

During the Reporting Period, MED-Project’s Program awarded a total of 182 Funding and Service Grants to 181 Law Enforcement Agencies (“LEAs”) (one site was initially awarded a Funding Grant and then switched to a Service Grant during the year). MED-Project’s Program provided 130 Funding Grants (one of which was also provided a new Kiosk), and 52 Service Grants (four of which were provided new Kiosks) to LEAs in 2024. During the Reporting Period, Residents received 73 Mail-Back Packages for In-Home Services.

As outlined in the approved Plan, the ultimate goal of the Program is to provide Commonwealth Residents with convenient, safe, and accessible methods to dispose of Covered Drugs.

The Plan identifies Program activities to be described in the annual report, and each section of the Report restates the corresponding Program activity and provides the relevant information.

## II. Program Effectiveness

*Plan Sec. XI (1): “Program effectiveness summary”*

### A. Effectiveness Evaluation

The Plan identified eight objectives to help achieve successful Plan implementation. As an indication of the Program effectiveness, all eight objectives were achieved in the Reporting Period by MED-Project as further described in this section.

In addition to implementing the eight Plan objectives, MED-Project implemented a resident survey designed to provide feedback on Program effectiveness. A discussion of the eight objectives and the resident survey is provided below.

#### 1. Plan Objectives

The Plan identified the following eight implementation objectives:

- Provide Residents educational materials on the safe and secure storage of medicine, and on unwanted medicine disposal information through the MED-Project website;
- Provide Residents a convenient single resource for finding disposal options for unwanted medicine in their area through a web-based aggregation tool;
- Enhance MED-Project website awareness in the Commonwealth using search engine optimization;
- Perform outreach to Residents through various media including MED-Project social media postings;
- Provide LEAs information about the Program and how to conveniently apply for a Service or Funding Grant through the MED-Project website;
- Support the collection, transportation and disposal of Unwanted Drugs through the administration of Service or Funding Grants;
- Expand kiosk availability in the Commonwealth through an increase in the number of unwanted medicine collection kiosk sites that meet potential underserved area needs; and
- Provide In-Home Services to Residents including a pre-paid, pre-addressed return Mail-Back Package and/or Disposal Pouches/Kits through the MED-Project website.

#### OBJECTIVE 1: WEBSITE EDUCATION MATERIALS

During the Reporting Period, MED-Project continued to operate the MED-Project Massachusetts Program website, which among other things provides education materials, including an animated Public Service Announcement video, informational brochures, posters, and frequently asked questions in English and Spanish. The materials cover the safe and secure storage of medicine as well as information about unwanted medicine disposal.

MED-Project performed an annual update of its website to reflect all known kiosk drop-off locations (both MED-Project and non-MED-Project) throughout the Commonwealth.

#### OBJECTIVE 2. AGGREGATED SERVICES SEARCH TOOL

During the Reporting Period, MED-Project continued to operate the MED-Project Massachusetts website, which includes a take-back services aggregation tool that allows residents to find take-back resources in the Commonwealth in one place on the web. The MED-Project website experienced over 3,500 page views during the Reporting Period.

#### OBJECTIVE 3. WEBSITE OPTIMIZATION

MED-Project utilizes search engine optimization tools to ensure that the MED-Project website is prominently displayed in search results related to unwanted medicine, Unwanted Drugs, and their storage or disposal in the Commonwealth. Links to MED-Project's social media accounts are also placed prominently on the MED-Project website.

#### OBJECTIVE 4. MEDIA CAMPAIGN

During the Reporting Period, MED-Project performed print, digital, and social media campaigns that ran on various platforms. These outreach activities totaled over two million impressions over the two campaigns. MED-Project targeted one of the media campaigns specifically to reach the over age 50 population. For more information on the media campaigns conducted during the Reporting Period, see Appendix A; Media Outreach Summary.

#### OBJECTIVE 5. LEA GRANT PROGRAM PROMOTION

MED-Project contacted over 400 existing and potential LEA kiosk sites throughout the Commonwealth by:

- Providing Program annual Grant renewal emails or phone calls to participating LEAs to promote annual resubscription in the Grant Program during the Reporting Period.
- Providing an opportunity to participate notification to LEAs that did not participate in the Grant Program in a prior year.
- Providing an opportunity to participate notification to LEAs that had not renewed in the Grant Program at the time of the mailing.

#### OBJECTIVE 6. LEA GRANT PROGRAM IMPLEMENTATION

During the Reporting Period, MED-Project awarded 130 Funding Grants (one of which was also provided a new kiosk) and 52 Service Grants (four of which were also provided new kiosks).

As part of the effort to award Service Grants, MED-Project submitted a request that the Massachusetts Department of Environmental Protection ("DEP") waive any applicable

hazardous waste requirements for LEAs to allow the LEAs to operate unwanted medicine collection kiosks as part of the Program. MED-Project was notified by the DEP in April 2024 of a change in the waste medications collection waiver application process. The new DEP process allows applicants who want to install a waste medications collection kiosk to apply online. MED-Project modified the grant application process to align with DEP's new online system. A DEP waiver has been obtained for all Service Grant sites.

MED-Project notified prior year Funding Grant Program applicants by email to submit a new application for the 2024 Program renewal period (Service Grant applicants are auto-renewed in the Program). The process for renewing was identical to the application process for a new LEA, taking only a few minutes to complete through the MED-Project website. The fast and simple MED-Project web application process resulted in a rapid renewal rate as well as positive feedback from participating LEAs. 173 LEAs that participated in the Grant Program in a prior year renewed their participation in the Grant Program in 2024.

MED-Project contacted over 400 LEAs during the Reporting Period and recruited eight new LEAs to participate in the Grant Program that had not participated in a prior year, for a total of 181 LEAs participating in the Grant Program during the Reporting Period.

#### OBJECTIVE 7. INCREASE KIOSK AVAILABILITY

MED-Project approved eight new Grants and installed five new kiosks in 2024.

Of those five new kiosks, one was provided through a Funding Grant and four were provided through Service Grants.

Figure 1 is a visualization of statewide kiosk drop-off site locations known to MED-Project, which includes 181 active MED-Project locations and 376 non-MED-Project locations as of December 31, 2024. Figure 1 illustrates the extent of the kiosk availability and convenience across the Commonwealth.

#### OBJECTIVE 8. PROVIDE IN-HOME SERVICES

During the Reporting Period, MED-Project provided an In-Home Service Program, providing Residents with an additional option for disposing of Covered Drugs from the home. MED-Project previously updated the PSA, available on our website, with a focus on In-Home Service options. MED-Project distributed 73 Mail-Back Package orders to Commonwealth Residents during the Reporting Period.

### **2. Outreach and Awareness Survey**

During the Reporting Period, MED-Project conducted a representative annual survey of Residents' awareness of Unwanted Drug issues, including Unwanted Drug disposal options. Residents were surveyed via phone and web between January 3, 2024, and January 30, 2024. Results were posted on the MED-Project website.

The survey questions cover topics such as:

- Frequency of Covered Drug use;
- Knowledge of Unwanted Drug safe disposal methods;
- Types of Unwanted Drug disposal methods used by Residents;
- Frequency of Unwanted Drug disposal methods used by Residents;
- How Residents learned of Unwanted Drug disposal options;
- Convenience of provided Unwanted Drug disposal options; and
- Overall perception of Unwanted Drug disposal programs.

Survey results showed that 55% of Residents are aware of the safe, convenient and free disposal program for expired and/or unwanted medicine in Massachusetts. Additionally, 32% of those surveyed have used drop-off locations, mail-back services, take-back events, or in-home disposal methods to dispose of medicines. Of this group, 67% have used drop-off locations and 54% report they use this method “most” or “all of the time” when disposing of unwanted and/or expired medicines.

As an overall indication of effectiveness and program convenience, the survey reported 89% of Residents who have used drop-off locations believe the program is easy to use, and 87% of the same group of Residents are satisfied with the current medicine disposal program.

### III. Participating Producers

***Plan Sec. XI (2): “List of Participating Producers”***

See Appendix B; List of Program Participants.

### IV. Collection Method and Weight

***Plan Sec. XI (3): “Collection methods provided” (4) “Number and type of grants provided” (5) “Total weight of unwanted medicine collected where such information is available to MED-Project through Vendor ” (6) “Total weight of any Mail-Back Packages supplied by MED-Project and received by Vendor (as determined by average Mail-Back Package weight)” (7) “Number and type of In-Home Services provided by MED-Project”***

#### A. Grants

- MED-Project provided 129 Funding Only Grants to LEAs during the Reporting Period.
- MED-Project provided one Kiosk and Funding Grant to LEAs during the Reporting Period.
- MED-Project provided 52 Service Grants to LEAs during the Reporting Period.

- MED-Project awarded a total of 182 Grants for all types of unwanted medicine collection to 181 LEAs.

See Appendix C; List of Participating Collection Sites.

## B. Kiosks

MED-Project collected 9,514.5 pounds of unwanted medicine through LEA kiosk sites with a Service Grant during the Reporting Period.

## C. In-Home Services

MED-Project provided 73 Mail-Back Packages for In-Home Services during the Reporting Period. There were 26 Mail-Back Packages returned during the reporting period resulting in the collection of 11.7<sup>1</sup> pounds of unwanted medicine through Mail-Back Services.

## D. Total Weight of Collected Unwanted Medicine

MED-Project collected a total of 9,526.2 pounds of unwanted medicine through all methods during the Reporting Period.

## V. Disposal Information

***Plan Sec. XI (8): “List of disposal sites used”***

See Appendix D; Disposal Facilities.

## VI. Educational Efforts and Public Outreach

***Plan Sec. XI (9): “Media summary” (10) “Website statistics” (11)  
“Examples of downloadable educational materials”***

MED-Project conducted the following outreach activities during the Reporting Period: provided print, social, and digital advertisement campaigns; distributed signage and brochures; and maintained the MED-Project website. The website and outreach materials, such as posters and brochures, were available in English and Spanish. Additionally, an animated PSA was available on the MED-Project website. The PSA focuses on providing information about safe storage, usage, and disposal options for Residents, with a focus on In-Home Service options.

---

<sup>1</sup> The Mail-Back Package total weight provided by Vendor includes averaged weight calculation data.

As part of an initiative to target the over age 50 community, MED-Project conducted a print campaign in the ElderCare Review Magazine on November 1, 2024.

MED-Project also conducted a multi-media campaign targeting Residents over the age of 18 throughout the Commonwealth. See Appendix A for additional information about the media campaigns. MED-Project website statistics and examples of MED-Project website pages available during the Reporting Period are provided in Appendices E and F, respectively. See Appendix G for examples of downloadable brochures and posters.

Social media platforms were utilized as part of the education and outreach program. MED-Project utilized both paid advertising on Facebook and Instagram. During the Reporting Period, MED-Project expanded the use of organic posts on Facebook and X platforms to promote Program information.

## VII. Program Costs

### ***Plan Sec. XI (12): “Total program cost”***

The total Program cost for the Reporting Period was \$493,544.01<sup>2</sup>.

---

<sup>2</sup> Total Program costs are pending 2024 audited financials.

MED-Project Medication Education & Disposal

Medicine Usage **Safe Storage Information** Find a Location Mail-Back Services In-Home Services

## Safe Storage Information

It is important to take medication as prescribed by your health care provider and as indicated on the label or packaging.

Always be sure to store medicine securely to prevent accidental ingestion or misuse by others, especially children. If you have expired or unwanted household medication, proper storage and disposal are easy.

To protect your family, pets, and community, follow these instructions for secure storage and safe disposal.

**Use as Directed**

Use medication as directed. If there are any specific instructions on the label, package, or package insert, please follow those. If you have any questions, ask your healthcare providers.

**Store Securely**

Follow storage instructions as provided on medicine labels and on the information accompanying medicine. Keep medication in a secure location safely away from people or pets that might come in contact with them.

**Dispose Safely**

Check your medicine cabinet and remove all expired and unwanted medication. If you do not know if a drug is still safe, check with your pharmacist. Count medication to keep track of amounts. Drop off or mail back expired or unwanted medications for safe disposal.

Please separate and remove any items and medication that are not accepted before disposing.

Do not place medicine in the trash or recycling and never flush them down the sink or toilet.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicine.

This list identifies information on some of the kiosk programs that may be available to Massachusetts residents for disposing of opioids and benzodiazepines. Some of the programs may be limited to a subset of Massachusetts residents (e.g., residents actively using a specific medication). Please contact the programs before attempting to use them to confirm they are available to you and able to accept your medications.

MED-Project LLC has compiled this list based on publicly available information for your convenience, but does not guarantee the accuracy of any of the information on it. MED-Project LLC does not endorse and denies any responsibility or liability for the programs listed or the processes they employ for collection, transportation, treatment, or disposal of the medications they collect.

## In-Home Services

In-Home Services are the provision of mail-back packages for the return of unwanted medicines by mail or disposal pouches, kits, and/or containers for the disposal of Unwanted Medicines. In-Home Services are available for residents at the following websites. Please see the list below for more information on the availability of In-Home Services.

**Accepted**

Unwanted or expired opioids and/or benzodiazepines in their original packaging or a sealed bag.

**Not Accepted**

- Any medications other than those listed above
- Herbal remedies
- Vitamins
- Supplements
- Cosmetics
- Other personal care products
- Aerosols
- Inhalers
- Sharps
- Drugs used solely in veterinary care
- Drugs used primarily for medication-assisted substance use disorder treatment
- Illicit drugs

## Outreach and Education

**Part of MED-Project's mission is to reach out to the local community and educate residents about the proper disposal of unwanted household medication.**

Medicine helps treat disease, manage chronic conditions, and improve health and well-being for millions of Americans.

Take medication as directed by your health care provider and as indicated on the label or packaging, then store it securely, and dispose of it safely, to prevent accidental ingestion or misuse by others, including children and pets.

MED-Project's disposal services for your unwanted household medication are safe, free, and convenient.

For additional information on the program, MED-Project has developed an educational toolkit which includes the materials below.

## Brochure – Medicine Program

### Outreach and Education

Part of MED-Project's mission is to reach out to the local community and educate residents about the proper disposal of unwanted household medication.

### Are You Done With Those?

**Safe and Free Medication Disposal. We Make it Easy for You!**

#### What should you do with your expired or unwanted medication?

Medicine helps treat disease, manage chronic conditions, and improve health and well-being for millions of Americans. Adhering to your medication routine means taking your medicine as directed by your healthcare provider or as indicated on the label or packaging—the right dose, at the right time, in the right way. Then, store it securely, and dispose of it safely, to prevent accidental ingestion or misuse by others, including children and pets.

**MED-Project programs and services make it safe, free, and convenient for you to dispose of medication.**

#### Use as Directed

Use medication as directed. If there are specific instructions on the label, package, or package insert, please follow those instructions. If you have any questions, ask your health care providers.

#### Store Securely

Follow storage instructions as provided on medicine labels and the information accompanying the medicine. Keep medications in a secure location, safely away from people or pets.

#### Dispose Safely

Check your medicine cabinet and remove all expired and unwanted medication. If you do not know if a drug is still safe, check with your pharmacist. Count medication to keep track of amounts. Drop off or mail back expired or unwanted medications for safe disposal.

### Disposal of Household Medication

MED-Project provides safe, free, and convenient disposal options for household medications in your community.

#### Drop Box

Conveniently located drop boxes are available in your area. To find a drop box near you, visit the Find a Location section of med-project.org.

#### Mail-Back

Mail-back packages are available in your area. All mail-back packages are pre-addressed with postage pre-paid. To order a Mail-back package, visit the Mail-Back section of med-project.org.

MED-Project may have mail-back package distribution or informational sites in your area.

To find out more about the disposal options in your area, visit [med-project.org](http://med-project.org).

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medication.

### What items can I dispose of in a drop box?

Please separate and remove any items and medication that are not accepted before disposing.

**Accepted:** Medications in any dosage form, except for those identified as Not Accepted below, in their original container or sealed bag.

If transferring medications to a sealed bag, please be sure to recycle remaining packaging.

**NOT Accepted:** Herbal remedies, vitamins, cosmetics, batteries, mercury-containing thermometers, sharps, and illicit drugs.

To learn more about items that are not accepted in your area, visit [med-project.org](http://med-project.org).

For more information about the MED-Project Program, visit [www.med-project.org](http://www.med-project.org) or call 1 (844) MED-PROJECT or 1 (844) 633-7765 (TTY: 711).

## ¿Qué se debe hacer con un medicamento caducado o no deseado?

Los medicamentos ayudan a tratar enfermedades, controlar afecciones crónicas y mejorar la salud y el bienestar de millones de estadounidenses. Cumplir con su rutina de medicamentos significa tomar su medicamento según las indicaciones de su proveedor de atención médica o según lo indicado en la etiqueta o el envase: la dosis correcta, en el momento correcto, de la manera correcta. Luego, guárdelo protegido y elimínelo de manera segura para evitar la ingestión accidental o el mal uso por parte de otras personas, incluidos niños y mascotas.

**Los programas y servicios de MED-Project hacen que la eliminación de medicamentos sea segura, gratuita y conveniente para usted.**

### Ingerir según lo indicado

Ingiera el medicamento según las indicaciones. Si hay instrucciones específicas para la eliminación en la etiqueta, el envase o el prospecto, siga esas instrucciones. Si tiene alguna pregunta, consulte a sus proveedores de atención médica.

### Almacenamiento protegido

Siga las instrucciones de almacenamiento provistas en las etiquetas de los medicamentos y en la información que los acompaña. Mantenga los medicamentos en un lugar protegido, lejos de personas o mascotas.

### Eliminación segura

Revise su botiquín y elimine todos los medicamentos caducados y no deseados. Si no sabe si un medicamento sigue siendo seguro, consulte con su farmacéutico. Cunte los medicamentos para realizar un seguimiento de las cantidades. Deje o devuelva por correo los medicamentos caducados o no deseados para su eliminación segura.

## Eliminación de medicamentos domésticos

MED-Project ofrece opciones seguras, gratuitas y convenientes para eliminar medicamentos domésticos en su comunidad.

### Buzón

Buzones bien ubicados disponibles en su área. Para encontrar un buzón cercano, visite la sección Buscar una ubicación de med-project.org.

### Devolución por correo

Los paquetes de devolución por correo están disponibles en su área. Todos los paquetes de devolución por correo tienen la dirección y el franqueo prepagos. Para solicitar un paquete de devolución por correo, visite la sección Devolución por correo de med-project.org.

MED-Project puede tener distribución de paquetes de devolución por correo o sitios informativos en su área.

Para obtener más información sobre las opciones de eliminación cercanas, visite med-project.org

Para proteger su privacidad, se les recuerda a los pacientes que eliminen toda la información de identificación personal de las etiquetas o los envases de los medicamentos antes de desechar los medicamentos no deseados.
