I. Executive Summary

MED-Project LLC (“MED-Project”) operates a product stewardship program (“Program”) under its Product Stewardship Plan for Opioids and Benzodiazepines from Households (“Plan”) in the Commonwealth of Massachusetts, dated July 16, 2018, approved on November 26, 2018, in compliance with Massachusetts General Law c. 94H, the Drug Stewardship Program. This 2025 Commonwealth of Massachusetts Annual Report (“Report”) describes the activities of MED-Project between January 1, 2025, and December 31, 2025 (the “Reporting Period”). Information included in this Annual Report occurred during the Reporting Period unless otherwise stated. All capitalized terminology not defined in this Report is derived from the Plan.

MED-Project’s Program awarded a total of 179 Funding and Service Grants to 178 Law Enforcement Agencies (“LEAs”) (one LEA was initially awarded a Service Grant and then switched to a Funding Grant during the year). MED-Project’s Program provided 131 Funding Grants (three of which were also provided a new Kiosk), and 48 Service Grants (one of which was provided a new Kiosk) to LEAs. Residents received 90 Mail-Back Packages for In-Home Services.

As outlined in the approved Plan, the ultimate goal of the Program is to provide Commonwealth Residents with convenient, safe, and accessible methods to dispose of Covered Drugs.

The Plan identifies Program activities to be described in the annual report, and each section of the Report restates the corresponding Program activity and provides the relevant information.

II. Program Effectiveness

Plan Sec. XI (1): “Program effectiveness summary”

Effectiveness Evaluation

The Plan identified eight objectives to help achieve successful Plan implementation. As an indication of Program effectiveness, all eight objectives were achieved by MED-Project as further described in this section.

In addition to implementing the eight Plan objectives, MED-Project implemented a resident survey designed to provide feedback on Program effectiveness. A discussion of the eight objectives and the resident survey is provided below.

1. Plan Objectives

The Plan identified the following eight implementation objectives:

- Provide Residents educational materials on the safe and secure storage of medicine and on unwanted medicine disposal through the MED-Project website;
- Provide Residents a convenient single resource for finding disposal options for unwanted medicine in their area through a web-based aggregation tool;
- Enhance MED-Project website awareness in the Commonwealth using search engine optimization;
- Perform outreach to Residents through various media, including MED-Project social media postings;
- Provide LEAs information about the Program and how to conveniently apply for a Service or Funding Grant through the MED-Project website;
- Support the collection, transportation, and disposal of Unwanted Drugs through the administration of Service or Funding Grants;
- Expand kiosk availability in the Commonwealth through an increase in the number of unwanted medicine collection kiosk sites that meet potential underserved area needs; and
- Provide In-Home Services to Residents, including pre-paid, pre-addressed return Mail-Back Packages and/or Disposal Pouches/Kits through the MED-Project website.

OBJECTIVE 1: WEBSITE EDUCATION MATERIALS

MED-Project continued to operate the MED-Project Massachusetts Program website, which, among other things, provides educational materials, including an animated Public Service Announcement video, informational brochures, posters, and frequently asked questions in English and Spanish. The materials cover the safe and secure storage of medicine as well as information about unwanted medicine disposal.

MED-Project performed an annual update of its website on August 25, 2025, to reflect all known kiosk drop-off locations (both MED-Project and non-MED-Project) throughout the Commonwealth.

OBJECTIVE 2. AGGREGATED SERVICES SEARCH TOOL

MED-Project continued to operate the MED-Project Massachusetts website, which includes a take-back services aggregation tool that allows residents to find take-back resources in the Commonwealth in one place on the web. The MED-Project website experienced 3,375 page views.

OBJECTIVE 3. WEBSITE OPTIMIZATION

MED-Project utilizes search engine optimization tools to ensure that the MED-Project website is prominently displayed in search results related to unwanted medicine, Unwanted Drugs, and their storage or disposal in the Commonwealth. Links to MED-Project's social media accounts are also placed prominently on the MED-Project website.

OBJECTIVE 4. MEDIA CAMPAIGN

MED-Project performed print, digital, and social media campaigns that ran on various platforms. These outreach activities generated over 5.5 million impressions over the two campaigns. MED-Project targeted one of the media campaigns specifically to reach the over age 50 population. For more information on the media campaigns conducted, see Appendix A: Media Outreach Summary.

OBJECTIVE 5. LEA GRANT PROGRAM PROMOTION

MED-Project contacted over 400 existing and potential LEA kiosk sites throughout the Commonwealth by:

- Providing Program annual Grant renewal emails or phone calls to participating LEAs to promote annual resubscription in the Grant Program during the Reporting Period.
- Providing an opportunity to participate notification to LEAs that did not participate in the Grant Program in a prior year.
- Providing an opportunity to participate notification to LEAs that had not renewed in the Grant Program at the time of the mailing.

OBJECTIVE 6. LEA GRANT PROGRAM IMPLEMENTATION

MED-Project awarded 131 Funding Grants (three of which were also provided a new kiosk) and 48 Service Grants (one of which was also provided a new kiosk).

As part of the effort to award Service Grants, MED-Project's grant application process directs LEAs applying for Service Grants to apply online to the Massachusetts Department of Environmental Protection ("DEP") to waive any applicable hazardous waste requirements for LEAs to allow the LEAs to operate unwanted medicine collection

kiosks as part of the Program. A DEP waiver has been obtained for all Service Grant sites.

MED-Project notified prior year Grant Program applicants by email to submit a new application for the 2025 Program renewal period. The process for renewing was identical to the application process for a new LEA, taking only a few minutes to complete through the MED-Project website. The fast and simple MED-Project web application process resulted in a rapid renewal rate as well as positive feedback from participating LEAs. 174 LEAs that participated in the Grant Program in a prior year renewed their participation in the Grant Program in 2025.

MED-Project contacted over 400 LEAs during the Reporting Period and recruited four new LEAs to participate in the Grant Program that had not participated in a prior year, for a total of 178 LEAs participating in the Grant Program.

OBJECTIVE 7. INCREASE KIOSK AVAILABILITY

MED-Project approved four new Grants and installed four new kiosks in 2025.

Of those four kiosks, three were provided through Funding Grants and one was provided through a Service Grant.

Figure 1 is a visualization of statewide kiosk drop-off site locations known to MED-Project, which includes 178 active MED-Project locations and 397 non-MED-Project locations as of December 31, 2025. Figure 1 illustrates the extent of the kiosk availability and convenience across the Commonwealth.

OBJECTIVE 8. PROVIDE IN-HOME SERVICES

MED-Project provided an In-Home Service Program, providing Residents with an additional option for disposing of Covered Drugs from the home. MED-Project previously updated the PSA, available on our website, with a focus on In-Home Service options. MED-Project distributed 90 Mail-Back Package orders to Commonwealth Residents.

2. Outreach and Awareness Survey

MED-Project conducted a representative annual survey of Residents' awareness of Unwanted Drug issues, including Unwanted Drug disposal options. Residents were surveyed via phone and web between January 17 and January 31, 2025. Results were posted on the MED-Project website. The survey questions cover topics such as:

- Frequency of Covered Drug use;
- Knowledge of Unwanted Drug safe disposal methods;
- Types of Unwanted Drug disposal methods used by Residents;
- Frequency of Unwanted Drug disposal methods used by Residents;
- How Residents learned of Unwanted Drug disposal options;
- Convenience of provided Unwanted Drug disposal options; and
- Overall perception of Unwanted Drug disposal programs.

Based on the survey results, 74% of residents are aware of the safe, convenient and free disposal program for expired and/or unwanted medicine in Massachusetts. Additionally, 48% of residents have used drop-box locations, mail-back services, take-back events, or in-home disposal methods to dispose of medicines. Among those residents, 49% have used a drop-box location and 63% reported using that method “most” or “all of the time” when disposing of unwanted and/or expired medicines.

As an overall indication of effectiveness and program convenience, the survey reported 91% of residents who have used drop-box locations believe the program is easy to use, and 84% of the same group are satisfied with the current medicine disposal program.

III. Participating Producers

Plan Sec. XI (2): “List of Participating Producers”

See Appendix B: List of Program Participants.

IV. Collection Method and Weight

Plan Sec. XI (3): “Collection methods provided” (4) “Number and type of grants provided” (5) “Total weight of unwanted medicine collected where such information is available to MED-Project through Vendor ” (6) “Total weight of any Mail-Back Packages supplied by MED-Project and received by Vendor (as determined by average Mail-Back Package weight)” (7) “Number and type of In-Home Services provided by MED-Project”

A. Grants

- MED-Project provided 128 Funding Only Grants to LEAs.
- MED-Project provided three Kiosk and Funding Grants to LEAs.
- MED-Project provided 48 Service Grants to LEAs.
- MED-Project awarded a total of 179 Grants for all types of unwanted medicine collection.

See Appendix C: List of Participating Collection Sites.

B. Kiosks

MED-Project collected 9,764.9 pounds of unwanted medicine through LEA kiosk sites with a Service Grant

C. In-Home Services

MED-Project provided 90 Mail-Back Packages for In-Home Services. There were 42 Mail-Back Packages returned, resulting in the collection of 25.4 pounds of unwanted medicine through Mail-Back Services.

D. Total Weight of Collected Unwanted Medicine

MED-Project collected a total of 9,790.3 pounds of unwanted medicine through all methods.

V. Disposal Information

Plan Sec. XI (8): “List of disposal sites used”

See Appendix D: Disposal Facilities.

VI. Educational Efforts and Public Outreach

Plan Sec. XI (9): “Media summary” (10) “Website statistics” (11) “Examples of downloadable educational materials”

MED-Project conducted the following outreach activities: provided print, social media, and digital advertisement campaigns; distributed signage and brochures; and maintained the MED-Project website. The website and outreach materials, such as posters and brochures, were available in English and Spanish. Additionally, an animated PSA was available on the MED-Project website. The PSA focuses on providing information about safe storage, usage, and disposal options for Residents, with a focus on In-Home Service options.

As part of an initiative to target the over age 50 community, MED-Project conducted a print campaign in the ElderCare Review Magazine on November 26, 2025.

MED-Project also conducted a multi-media campaign targeting Residents over the age of 18 throughout the Commonwealth. See Appendix A for additional information about the media campaigns. MED-Project website statistics and examples of MED-Project website pages are provided in Appendices E and F, respectively. See Appendix G for examples of downloadable brochures and posters.

VII. Program Costs

Plan Sec. XI (12): “Total program cost”

The total Program cost for the Reporting Period was \$546,085.24.¹

¹ Final total Program expenses are pending 2025 audited financials.

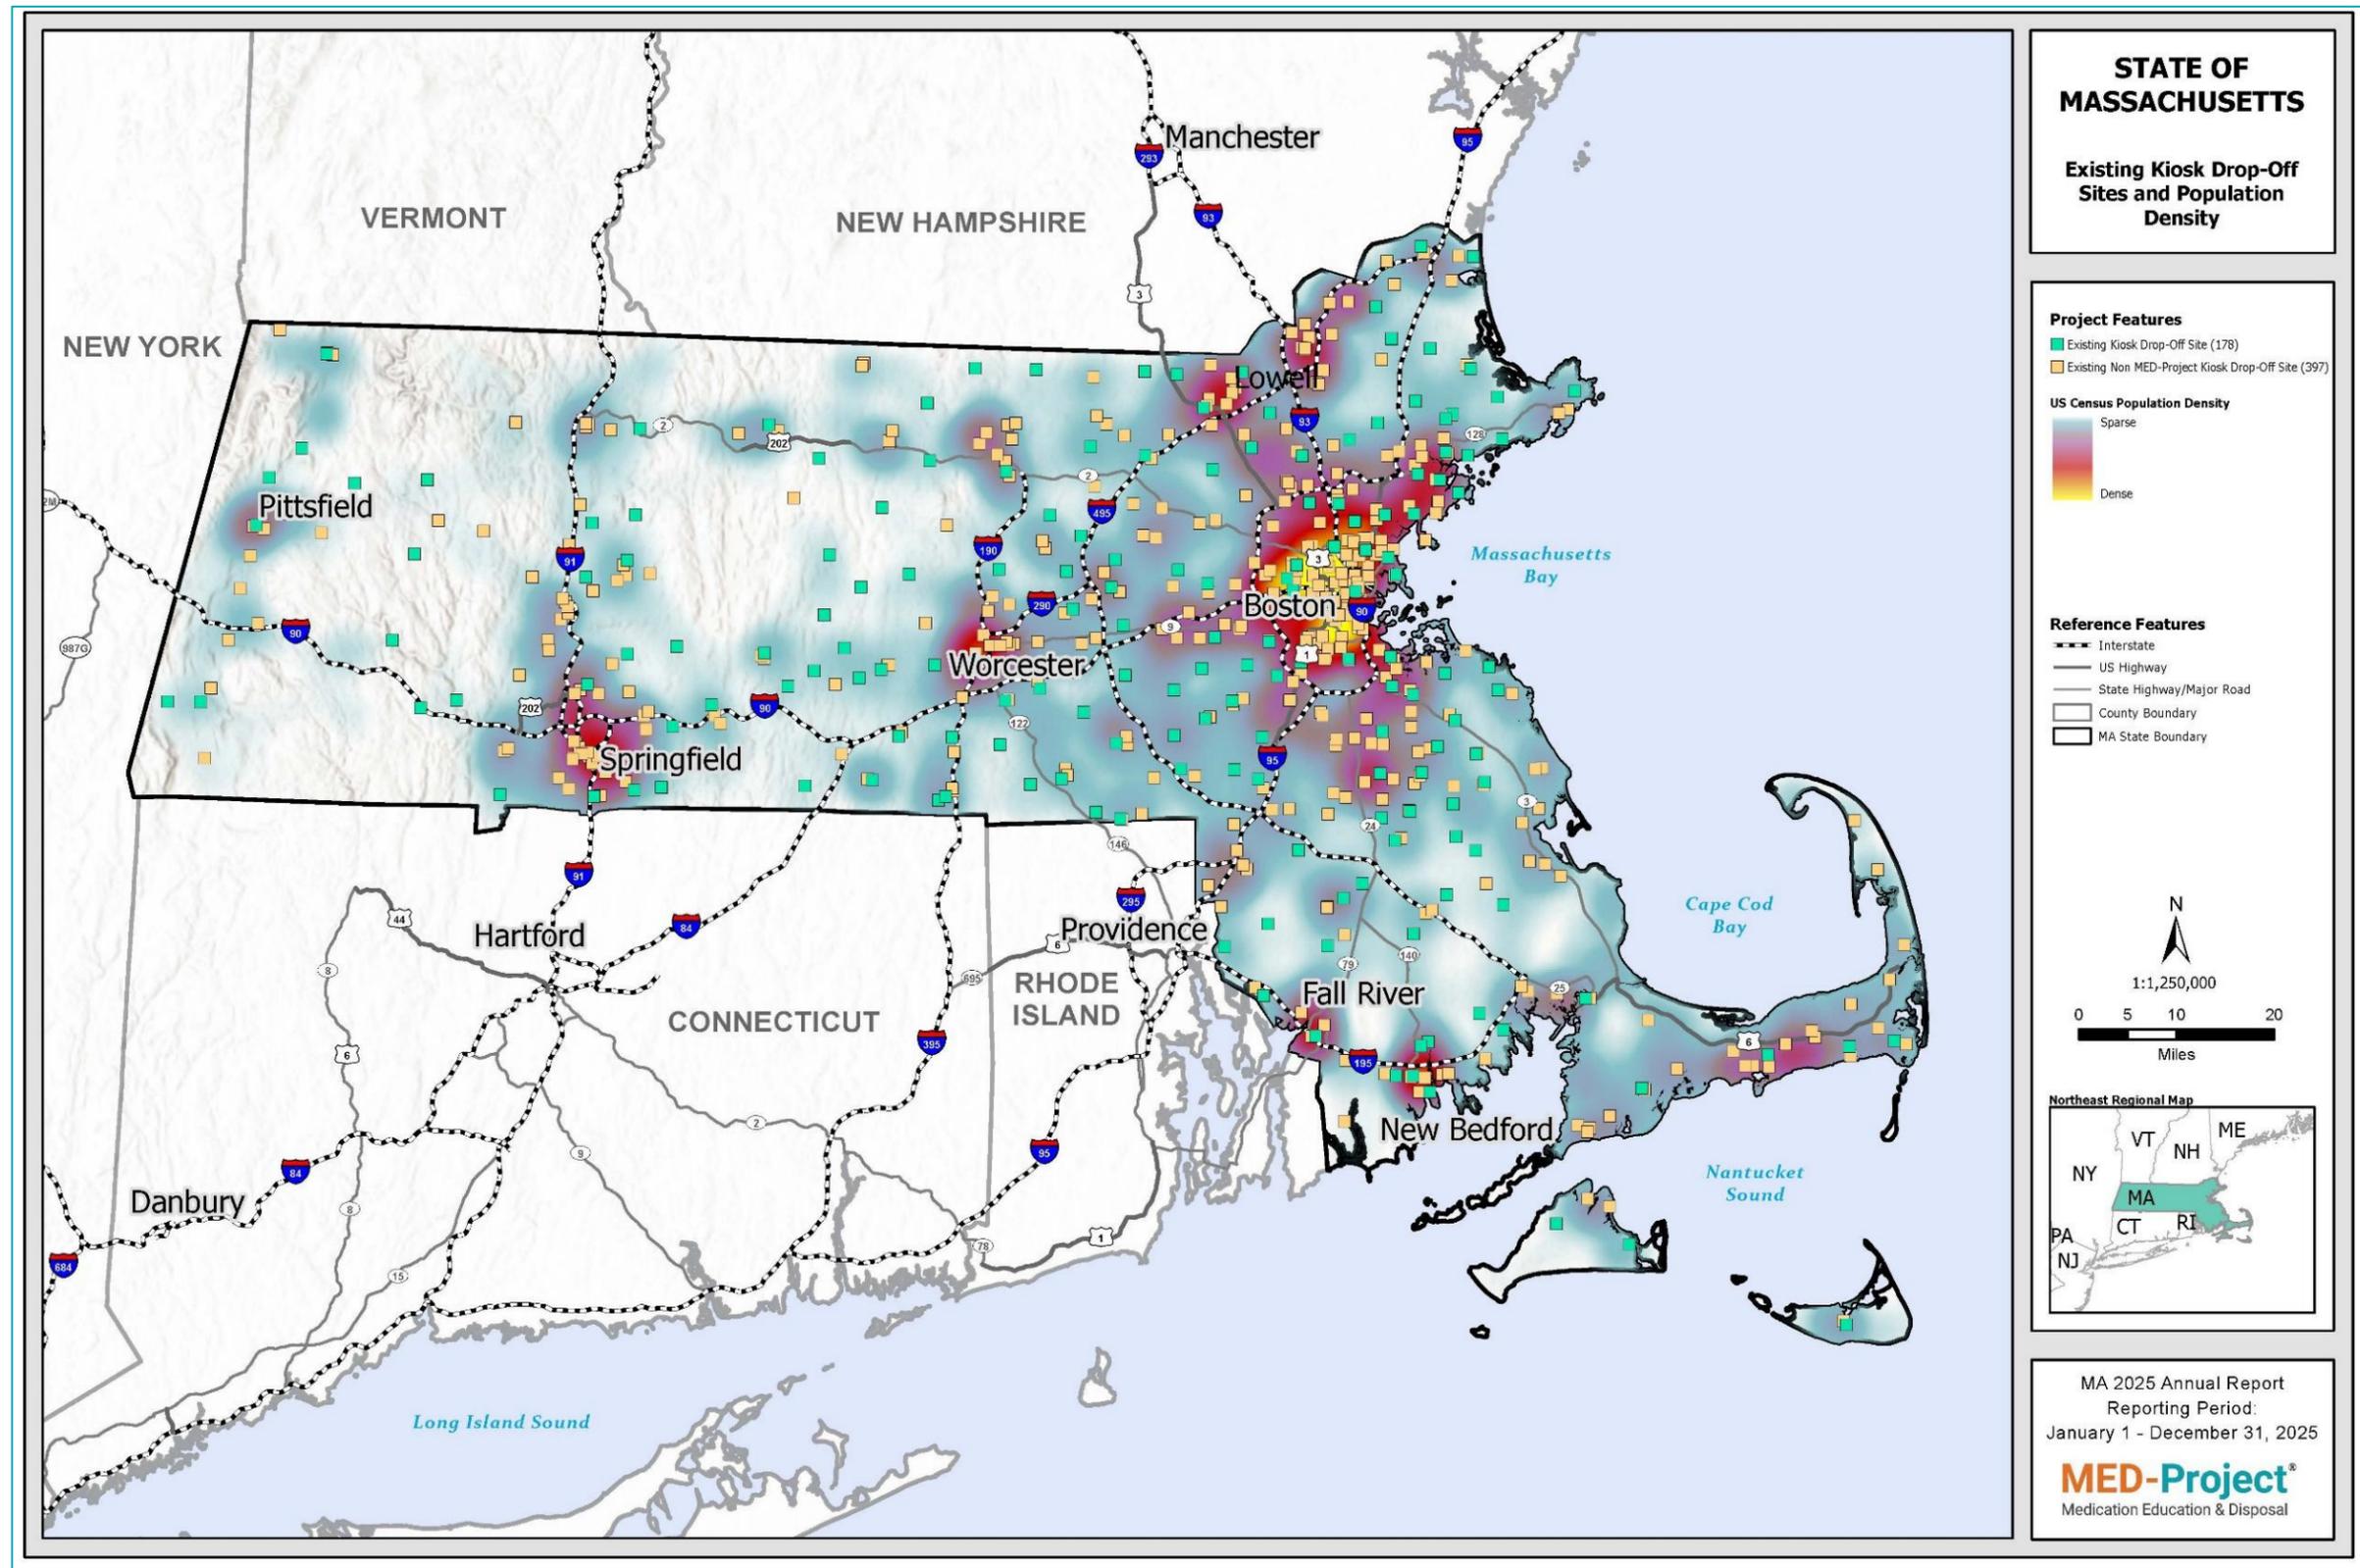

Figure 1: Map of Kiosk Drop-Off Sites

Medication Education & Disposal

Medicine Usage Safe Storage Information Find a Location Mail-Back Services In-Home Services

Safe Storage Information

It is important to take medication as prescribed by your health care provider and as indicated on the label or packaging.

Always be sure to store medicine securely to prevent accidental ingestion or misuse by others, especially children. If you have expired or unwanted household medication, proper storage and disposal are easy.

To protect your family, pets, and community, follow these instructions for secure storage and safe disposal.

Use as Directed

Use medication as directed. If there are any specific instructions on the label, package, or package insert, please follow those. If you have any questions, ask your healthcare providers.

Store Securely

Follow storage instructions as provided on medicine labels and on the information accompanying medicine. Keep medication in a secure location safely away from people or pets that might come in contact with them.

Dispose Safely

Check your medicine cabinet and remove all expired and unwanted medication. If you do not know if a drug is still safe, check with your pharmacist. Count medication to keep track of amounts. Drop off or mail back expired or unwanted medications for safe disposal.

Please separate and remove any items and medication that are not accepted before disposing.

Do not place medicine in the trash or recycling and never flush them down the sink or toilet.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicine.

This list identifies information on some of the kiosk programs that may be available to Massachusetts residents for disposing of opioids and benzodiazepines. Some of the programs may be limited to a subset of Massachusetts residents (e.g., residents actively using a specific medication). Please contact the programs before attempting to use them to confirm they are available to you and able to accept your medications.

MED-Project LLC has compiled this list based on publicly available information for your convenience, but does not guarantee the accuracy of any of the information on it. MED-Project LLC does not endorse and denies any responsibility or liability for the programs listed or the processes they employ for collection, transportation, treatment, or disposal of the medications they collect.

What Can I Dispose Of?

Below are general guidelines for the products that will and will not be accepted in drop boxes.

Medicine

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicine.

Accepted
Unused or expired prescription medication (Schedule II-V controlled substances), unused or expired over-the-counter medication, pet medication are accepted.

Not Accepted

- Illegal drugs including Schedule I controlled substances
- needles/sharps
- non-pharmaceutical items (e.g. thermometers, hydrogen peroxide)

If transferring medications to a sealed bag, please be sure to recycle remaining packaging.

Do not place medicine in the trash or recycling, and never flush them down the toilet.

Outreach and Education

Part of MED-Project's mission is to reach out to the local community and educate residents about the proper disposal of unwanted household medication.

Medicine helps treat disease, manage chronic conditions, and improve health and well-being for millions of Americans.

Take medication as directed by your health care provider and as indicated on the label or packaging, then store it securely, and dispose of it safely, to prevent accidental ingestion or misuse by others, including children and pets.

MED-Project's disposal services for your unwanted household medication are safe, free, and convenient.

For additional information on the program, MED-Project has developed an educational toolkit which includes the materials below.

Brochure – Medicine Program

Outreach and Education

Part of MED-Project's mission is to reach out to the local community and educate residents about the proper disposal of unwanted household medication.

Are You Done With Those?

Safe and Free Medication Disposal. We Make it Easy for You!

What should you do with your expired or unwanted medication?

Medicine helps treat disease, manage chronic conditions, and improve health and well-being for millions of Americans. Adhering to your medication routine means taking your medicine as directed by your healthcare provider or as indicated on the label or packaging—the right dose, at the right time, in the right way. Then, store it securely, and dispose of it safely, to prevent accidental ingestion or misuse by others, including children and pets.

MED-Project programs and services make it safe, free, and convenient for you to dispose of medication.

Use as Directed

Use medication as directed. If there are specific instructions on the label, package, or package insert, please follow those instructions. If you have any questions, ask your health care providers.

Store Securely

Follow storage instructions as provided on medicine labels and the information accompanying the medicine. Keep medications in a secure location, safely away from people or pets.

Dispose Safely

Check your medicine cabinet and remove all expired and unwanted medication. If you do not know if a drug is still safe, check with your pharmacist. Count medication to keep track of amounts. Drop off or mail back expired or unwanted medications for safe disposal.

Disposal of Household Medication

MED-Project provides safe, free, and convenient disposal options for household medications in your community.

Drop Box

Conveniently located drop boxes are available in your area. To find a drop box near you, visit the Find a Location section of med-project.org.

Mail-Back

Mail-back packages are available in your area. All mail-back packages are pre-addressed with postage pre-paid. To order a Mail-back package, visit the Mail-Back section of med-project.org.

MED-Project may have mail-back package distribution or informational sites in your area.

To find out more about the disposal options in your area, visit med-project.org.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medication.

What items can I dispose of in a drop box?

Please separate and remove any items and medication that are not accepted before disposing.

Accepted: Medications in any dosage form, except for those identified as Not Accepted below, in their original container or sealed bag.

If transferring medications to a sealed bag, please be sure to recycle remaining packaging.

NOT Accepted: Herbal remedies, vitamins, cosmetics, batteries, mercury-containing thermometers, sharps, and illicit drugs.

To learn more about items that are not accepted in your area, visit med-project.org.

For more information about the MED-Project Program, visit www.med-project.org or call 1 (844) MED-PROJECT or 1 (844) 633-7765 (TTY: 711).

¿Qué se debe hacer con un medicamento caducado o no deseado?

Los medicamentos ayudan a tratar enfermedades, controlar afecciones crónicas y mejorar la salud y el bienestar de millones de estadounidenses. Cumplir con su rutina de medicamentos significa tomar su medicamento según las indicaciones de su proveedor de atención médica o según lo indicado en la etiqueta o el envase: la dosis correcta, en el momento correcto, de la manera correcta. Luego, guárdelo protegido y elimínelo de manera segura para evitar la ingestión accidental o el mal uso por parte de otras personas, incluidos niños y mascotas.

Los programas y servicios de MED-Project hacen que la eliminación de medicamentos sea segura, gratuita y conveniente para usted.

Ingerir según lo indicado

Ingiera el medicamento según las indicaciones. Si hay instrucciones específicas para la eliminación en la etiqueta, el envase o el prospecto, siga esas instrucciones. Si tiene alguna pregunta, consulte a sus proveedores de atención médica.

Almacenamiento protegido

Siga las instrucciones de almacenamiento provistas en las etiquetas de los medicamentos y en la información que los acompaña. Mantenga los medicamentos en un lugar protegido, lejos de personas o mascotas.

Eliminación segura

Revise su botiquín y elimine todos los medicamentos caducados y no deseados. Si no sabe si un medicamento sigue siendo seguro, consulte con su farmacéutico. Cunte los medicamentos para realizar un seguimiento de las cantidades. Deje o devuelva por correo los medicamentos caducados o no deseados para su eliminación segura.

Eliminación de medicamentos domésticos

MED-Project ofrece opciones seguras, gratuitas y convenientes para eliminar medicamentos domésticos en su comunidad.

Buzón

Buzones bien ubicados disponibles en su área. Para encontrar un buzón cercano, visite la sección Buscar una ubicación de med-project.org.

Devolución por correo

Los paquetes de devolución por correo están disponibles en su área. Todos los paquetes de devolución por correo tienen la dirección y el franqueo prepagos. Para solicitar un paquete de devolución por correo, visite la sección Devolución por correo de med-project.org.

MED-Project puede tener distribución de paquetes de devolución por correo o sitios informativos en su área.

Para obtener más información sobre las opciones de eliminación cercanas, visite med-project.org

Para proteger su privacidad, se les recuerda a los pacientes que eliminen toda la información de identificación personal de las etiquetas o los envases de los medicamentos antes de desechar los medicamentos no deseados.
