Chapter 166A.

2.6. *Change of Laws:* If, subsequent to the Effective Date, there is a change in federal or State law that eliminates the authority of local governments to require and/or grant cable television licenses and/or franchises for the provision of Cable Service, then to the extent permitted by law this Final License shall survive such legislation and remain in effect for the term of this Final License.

2.7. *No Waiver:*

2.7.1. The failure of the Issuing Authority on one or more occasions to exercise a right or to require compliance or performance under this Final License, M.G.L. Chapter 166A or any other applicable law shall not be deemed to constitute a waiver of such right or a waiver of compliance or performance by the Issuing Authority, nor to excuse the Licensee from complying or performing, unless such right or such compliance or performance has been specifically waived in writing.

2.7.2. The failure of the Licensee on one or more occasions to exercise a right under this Final License or applicable law, or to require performance under this Final License, shall not be deemed to constitute a waiver of such right or of performance of this Final License, nor shall it excuse the Issuing Authority from performance, unless such right or performance has been specifically waived in writing.

2.8. *Construction of Final License:*

2.8.1. The provisions of this Final License shall be liberally construed to effectuate their objectives.

2.8.2. Nothing herein shall be construed to limit the scope or applicability of Section 625 of the Communications Act, 47 U.S.C. § 545.

Any such police powers exercised by the City in contravention of the preceding sentence shall be of no effect with respect to this Final License.

2.10. *Transfer of the Final License:*

2.10.1. Subject to Section 617 of the Communications Act, M.G.L. Chapter 166A and Section 2.10.2 below, the Licensee shall not transfer this Final License without the prior consent of the Issuing Authority, provided that such consent shall not be arbitrarily or unreasonably withheld, delayed or conditioned. Such consent shall be given only after a public hearing upon a written application therefore on forms prescribed by the Cable Division and/or the FCC. Subject to applicable law, the Licensee shall submit to the Issuing Authority an original and one (1) copy of the application on FCC Form 394 requesting such transfer request. The Issuing Authority shall have one hundred twenty (120) days, or such other time frame that may be established by applicable law, from the filing of the completed Form 394 to take final action on it. If the Issuing Authority has not taken final action within such 120 day period, then the application shall be deemed approved, unless said 120 day period is extended by mutual consent of the parties.

2.10.2. The Licensee shall not be required to obtain the Issuing Authority's consent to transfer this Final License in connection with any transaction that does not constitute a transfer of control under applicable State laws and regulations, including, without limitation, the following: (i) (A) a transfer of an ownership or other interest in the Licensee to the parent of the Licensee or to another Affiliate of the Licensee; (B) transfer or assignment of this Final License or control thereof to the parent of the Licensee or to another Affiliate of the Licensee; (C) any action which is the result of a merger of the parent of the Licensee; or (D) any action which is the result of a merger of another Affiliate of the Licensee; or (ii) in connection with a transfer in trust, by mortgage, by other hypothecation, by assignment of any rights, title, or interest of the Licensee in this Final License or the Cable System in order to secure indebtedness; provided, however, that to the extent that any of the foregoing transactions are determined to constitute a transfer of control pursuant to 207 CMR 4.01, then such transaction shall be subject to the Cable Division's transfer regulations (207 CMR 4.00, et. seq.).

2.10.3. Pursuant to 207 CMR 4.04, as may be amended, and applicable federal law, in considering a request to transfer control of this Final License, the Issuing Authority may consider only the transferee's management experience, technical expertise, financial capability and legal ability to operate the Cable System under this Final License, and any other criteria allowable under applicable law and/or regulation.

2.10.4. The consent or approval of the Issuing Authority to a transfer of this Final License shall not constitute a waiver or release of the rights of the City under this Final License.

and/or the Access Corporation determines to use such PEG Access capacity for PEG Access purposes, the Issuing Authority shall have the right to utilize such PEG Access Channel by providing at least sixty (60) days advance written notice, by certified mail or overnight delivery service, to the Licensee.

5.1.3. *PEG Access Interconnection:* The Licensee, at the Licensee's expense, shall connect its Cable System to equipment owned by the City or the Access Corporation at the Public Access studio (5 High Street – P studio), the Education Channel Studio (489 Winthrop Street – E studio), and the Government Access studio (85 George P. Hassett Drive – G studio) (collectively, the three studios are referred to as PEG Access Studio(s)), in order to cablecast, on a live basis, all PEG Access Programming originated and aggregated by the Access Corporation and/or its producers exclusively at the PEG Access Studios. The Licensee's connections at all locations shall be at the City's aggregation point (which, for the PEG Access Studios, shall be the Demarcation Point defined below) within the above identified buildings. The City or the Access Corporation shall be responsible for any facilities needed to bring PEG Access content within the above buildings to the aggregation point of that building. As of the Effective Date of the Final License Amendment, the Licensee has made the connection from its Cable System to equipment owned by the City or the Access Corporation at the studios and will continue the connections through the term of this Final License, provided that the City and the authorized representatives of the PEG Access Studio shall reasonably cooperate with the Licensee with respect to all such connections, including, without limitation, providing the Licensee with timely and reasonably sufficient access to such buildings, suitable floor space, cable pathways and electrical power. The Demarcation Point between the Licensee's signal processing equipment and the City's and/or the Access Corporation's modulation equipment shall be at the output of the City's and/or the Access Corporation's modulator(s) at the PEG Access studios (the "Demarcation Point"). The City and/or the Access Corporation shall be responsible for the picture and audio quality and switching of all PEG Access Programming up to the Demarcation Point. All PEG Access Programming shall be transmitted to the Licensee in NTSC baseband format unless otherwise agreed to by the parties. Notwithstanding the foregoing, the Licensee shall not be obligated to provide the Issuing Authority with any other cablecast equipment or facilities or personnel responsible for maintaining and operating such equipment or facilities or generating any such PEG Access Programming, except as necessary to implement the foregoing to the extent of Licensee's responsibilities indicated above. The City and the Licensee shall work together in good faith to resolve any interconnection issues.

5.2 *PEG Access Capital Funding:*

5.2.1. The Licensee shall provide capital funding to the Issuing Authority for PEG Access equipment/facilities use in the amount of Forty-Four Cents (\$.44) per Subscriber per month. This amount of Forty-Four Cents (\$.44) per Subscriber per month shall continue through the earlier of April 19, 2015 or the renewal of the incumbent cable provider's cable license. Thereafter, Section 5.2.2 below shall apply.

5.2.2. Commencing on April 20, 2015, or such other date that the incumbent cable provider's cable license is renewed, the Licensee and the incumbent cable provider shall commence paying capital funding to the Issuing Authority totaling Nine Hundred Fifty Thousand Dollars (\$950,000.00) over a ten (10) year period. Said \$950,000.00 shall be proportionately

allocated between the two companies, at Ninety-Five Thousand Dollars (\$95,000.00) per year, as follows:

5.2.2.1. Upon renewal of the incumbent cable provider's license, the Issuing Authority shall promptly provide notice to the Licensee of said renewal (including a copy of the executed renewal license).

5.2.2.2. The Licensee and the incumbent cable provider shall provide such allocable share of the annual \$95,000.00 based upon the following:

(i) the proportionate number of the Licensee's and the incumbent cable provider's subscribers in Medford, as of the previous December 31st; (ii) total ascertained capital funding not to exceed Ninety-Five Thousand Dollars (\$95,000.00) per year; (iii) the number of total cable subscribers of the Licensee and the incumbent cable provider to be based upon a calendar year; and (iv) the Licensee and the incumbent cable provider shall share proportionately in providing the \$95,000.00 annual capital funding to the Issuing Authority, based upon the number of their respective cable subscribers. (By way of example, if the Licensee and the incumbent cable provider each had fifty percent (50%) of the combined total cable television subscribers in the City as of December 31st of the previous calendar year, each would provide \$47,500.00 to the Issuing Authority by July 1st.)

5.2.2.3. The Licensee and the incumbent cable provider shall each make its allocable payment to the Issuing Authority no later than July 1st of each year of the Licensee's and the incumbent cable provider's cable license; provided, however, that the first capital payment herein shall be made within thirty (30) days of the execution of the incumbent cable provider's new cable television license.

5.2.2.4 The Issuing Authority, the Licensee and the incumbent cable provider shall review the funding in this Section 5.2.2 each year of this Final License, commencing July 1st of 2015, and then on July 1st of each subsequent year, to ensure that said funding is accurate in light of the proportionate number of the Licensee's and the incumbent cable provider's subscribers in Medford. Should the incumbent cable provider's renewal license provide for a capital grant obligation such that the obligation is less than the incumbent cable provider's proportional share of \$95,000 annually, the Licensee's obligation shall be adjusted accordingly such that the Licensee and the incumbent cable provider are each paying a proportionate amount consistent with this Section 5.2.

5.2.2.5. If the incumbent cable provider's renewal license expires prior to the expiration of this Final License, as amended, the Licensee shall be entitled to cease making subsequent capital payments to the Issuing Authority unless the incumbent cable provider enters into a subsequent renewal license prior the expiration of this Final License; and provided further, that if the incumbent cable provider's renewal license expires prior to the expiration of this Final License but the incumbent cable provider nonetheless continues to make capital payments consistent with this Section 5.2.2, then the Licensee shall likewise continue to provide capital payments in accordance with Section 5.2.2 as well. The Licensee shall not be required to provide more than one capital payment in any twelve (12) month period, except for the first year's payment in accordance with Section 5.2.2.3.5.2.3. The City and/or the Access Corporation shall

own all equipment purchased with funding pursuant to this Section 5.2, and the Licensee shall have no obligation to maintain, repair, replace or insure any such equipment.

5.3 *PEG Access Support:* The Licensee shall provide funding to the Access Corporation and the Medford Public School Department (the "School Department") to be used to support ongoing operations of PEG Access Programming (the "PEG Access Support"). Such funding shall be used by the Access Corporation and the School Department for personnel, operating and other related expenses incurred in connection with PEG Access Programming operations. Subject to Section 6.2 below, the PEG Access Support provided by the Licensee hereunder shall be Two Percent (2.00%) of the Licensee's annual Gross Revenues payable as follows: One percent (1%) payable to the Access Corporation and one percent (1%) payable to the School Department. Said PEG Access Support shall be paid in accordance with Section 5.3.1 below. Payments shall be delivered to the Issuing Authority and shall be accompanied by a Gross Revenue reporting form substantially similar to Exhibit C.

5.3.1 *Payments:* The PEG Access Support (Section 5.3) payments shall be made no later than forty-five (45) days following the end of each calendar quarter of this Renewal License. The Licensee shall be allowed to provide an extra payment if needed to correct any payments that were incorrectly omitted, or shall have the right to offset against future payments any payments that were incorrectly submitted in connection with the quarterly remittances, within ninety (90) days following the close of the calendar quarter for which such payments were applicable. For purposes of this Section 5.3.1, the period for determining Gross Revenues shall be the preceding calendar quarter. If the Licensee bundles Cable Service with Non-Cable Service, the Licensee agrees that it shall allocate the discount associated with such bundle consistent with the portion allocated in the Licensee's books and records kept in the regular course of the Licensee's business and consistent with generally accepted accounting principles. However, the parties agree that tariffed Telecommunications Services that cannot be discounted under State or federal law or regulation are excluded from the bundled discount allocation obligations in this Section.

5.4 *Recovery of Costs:* To the extent permitted by applicable federal law, the Licensee shall be allowed to recover the costs of the Capital Funding, the PEG Access Support and any other costs, including interconnection costs (in accordance with applicable laws and/or regulations), arising from the provision of PEG Access services from Subscribers and to include such costs as a separately billed line item on each Subscriber's bill.

5.5 *Late Payments:* In the event that any of the Capital Funding payments (Section 5.2), the PEG Access Support (Section 5.3) and/or the License Fee payments (Section 6.1 below) is or are not paid on or before the due date set forth in this Final License for such payments, then interest shall accrue from the due date until the date paid at the rate of two percent (2%) per annum above the Prime Rate, compounded annually.

5.6 *Censorship*: The Licensee, the Issuing Authority and the Access Corporation shall comply with applicable laws regarding program censorship or any other control of the content of the PEG Access Programming on the Cable System.

5.7 *PEG Access Operational Rules*. The Issuing Authority and/or the Access Corporation shall establish rules and regulations that require all local producers and users of any of the PEG Access facilities or Channels to assume individual responsibility for any program-based liability including but not limited to liability for copyright infringement or defamation, and to hold the Issuing Authority, the Access Corporation, the City and the Licensee harmless for same, subject to applicable Title VI and FCC requirements. The Access Corporation shall establish rules and regulations for use of Public Access facilities consistent with, and as required by, Section 611 of the Communications Act (47 U.S.C. § 531) and this Final License.

5.8 *PEG Access Channel Maintenance/Technical Standards/Performance Tests*: The Licensee shall monitor the PEG Access Channels for technical quality consistent with applicable FCC technical standards, as such standards may be amended from time to time, and shall ensure that they are maintained at standards the same as those which apply to the Cable System's commercial channels; provided that the Licensee is not responsible for the production quality of PEG Access Programming productions, nor for any deficiencies in the signal that it receives from the City and/or the Access Corporation. Upon the written request of the Issuing Authority, the Licensee shall make available to the City a copy of the Licensee's most recent annual performance tests.

6. LICENSE FEE

6.1. *License Fee*:

The Licensee shall pay to the City, throughout the term of this Final License, a License Fee equal to three percent (3%) of the Licensee's annual Gross Revenues, as defined herein. The License Fee payments, pursuant to this Section 6.1, shall be made no later than forty-five (45) days following the end of each calendar quarter of this Final License. Each such License Fee payment shall be accompanied by a Gross Revenue reporting form substantially similar to Exhibit C(2). The Licensee shall be allowed to provide an extra payment if needed to correct any payments that were incorrectly omitted, or shall have the right to offset against future payments any payments that were incorrectly submitted, in connection with the quarterly remittances within ninety (90) days following the close of the calendar quarter for which such payments were applicable. For purposes of this Section 6.1, the period for determining Gross Revenues shall be the preceding calendar quarter. If the Licensee bundles Cable Service with Non-Cable Service, the Licensee agrees that it shall allocate the discount associated with such bundle consistent with the portion allocated in the Licensee's books and records kept in the regular course of the Licensee's business and consistent with generally accepted accounting principles. However, the parties agree that tariffed Telecommunications Services that cannot be discounted under State or federal law or regulation are excluded from the bundled discount allocation obligations in this Section.

6.2 Maximum License Fee Obligation: The Licensee shall not be liable for an annual License Fee commitment pursuant to this Final License and applicable law in excess of five percent (5%) of its annual Gross Revenues; provided that such five percent (5%) shall include (i) the License Fee payable to the City (Section 6.1), (ii) the PEG Access Support (Section 5.3) and (iii) the License Fee payable to the State pursuant to Section 9 of M.G.L. Chapter 166A; provided, however, that such five percent (5%) cap shall not include (A) the PEG Access Capital Funding (Section 5.2.), (B) PEG Access interconnection costs (Section 5.1.), (C) any interest due herein to the City and/or the Access Corporation because of late payments (Section 5.6), (D) any liquidated damages (Section 11.6), and (E) any other exclusions to the term “franchise fee” pursuant to Section 622(g)(2) of the Communications Act.

6.3 Recovery of Costs: To the extent permitted by applicable federal law, the Licensee shall be allowed to recover the costs of the PEG capital funding, PEG Access Support, , License Fee and any other costs, including interconnection costs (in accordance with applicable laws and/or regulations) as a separately billed line item on each Subscriber’s bill.

6.4 Limitation on Actions: The period of limitation for recovery of any payment obligation under this Final License shall be three (3) years from the date on which payment by the Licensee is due.

6.5 Recomputation:

6.5.1 Tender or acceptance of any payment made pursuant to Article 5 and/or 6 herein shall not be construed as an accord that the amount paid is correct, nor shall such acceptance of payment be construed as a release of any claim that the Issuing Authority may have for additional sums, including interest payable under Section 5.5 above and/or pursuant to this Section 6.5. All amounts shall be subject to audit and recomputation by the Issuing Authority pursuant to this Section 6.5.

6.5.2 If the Issuing Authority has reason to believe that any such payment is incorrect, it shall notify the Licensee thereof in writing within ninety (90) business days after receiving such payment. The Licensee shall then have ninety (90) business days after receipt of such notice to provide the Issuing Authority with additional information documenting the accuracy of such payment. In the event that the Issuing Authority does not reasonably believe that such documentation supports the accuracy of such payment, then the Issuing Authority may conduct an audit of such payment, provided that the Issuing Authority shall be limited to one audit every three years during the term of this Final License, which audit shall be applicable to the previous three (3) year period in accordance with Section 6.4 above. If, after such audit and recomputation, the Issuing Authority determines that an additional fee is owed to the City, then the Licensee shall be provided with a reasonable opportunity to review the results of such audit and to dispute any audit results, and shall pay any such undisputed amounts within thirty (30) business days after completion of such review, together with any applicable late charges calculated pursuant to Section 5.5 above. Any auditor employed by the Issuing Authority shall not be compensated on a success-based formula (e.g., payment based on a percentage of underpayment, if any).

6.6 Method of Payment: All License Fee payments by the Licensee payable pursuant to this Final License shall be made payable to the City and deposited with the City Treasurer.

6.7 Other Payment Obligations and Exclusions: Subject to Section 622(g)(1) of the Communications Act, the License Fee payments shall be in addition to and shall not constitute an offset or credit against any and all taxes or other fees or charges of general applicability which the Licensee or any Affiliate shall be required to pay to the City, or to any State or federal agency or authority, as required herein or by law; the payment of said taxes, fees or charges shall not constitute a credit or offset against the License Fee payments herein.

7 CUSTOMER SERVICE

Customer Service terms: The customer service standards in this Article 7 shall apply to the Licensee regarding its provision of Cable Services over the Cable System in the Service Area, and shall be binding unless amended by written consent of the parties.

7.1 Telephone Availability:

7.1.1. The Licensee shall maintain a local and a toll-free number to receive all calls and inquiries from Subscribers in the City and/or residents regarding Cable Service. The Licensee's representatives shall be trained and qualified to answer questions related to Cable Service in the City and shall be available to receive reports of Service Interruptions and Significant Outages twenty-four (24) hours a day, seven (7) days a week, and all other inquiries at least forty-five (45) hours per week. The Licensee representatives shall identify themselves by name when answering this number.

7.1.2 The Licensee's telephone numbers shall be listed, with appropriate description (e.g. administration, customer service, billing, repair, etc.), in the directory published by the local telephone company or companies serving the City, beginning with the next publication cycle after the Effective Date.

7.1.3 The Licensee may use an Automated Response Unit ("ARU") or a Voice Response Unit ("VRU") to distribute telephone calls. If a foreign language routing option is provided, and the Subscriber does not enter an option, the menu will default to the first tier menu of English options. After the first tier menu (not including a foreign language rollout) has run through three times, if customers do not select any option, the ARU or VRU will forward the call to a queue for a live representative. The Licensee may reasonably substitute this requirement with another method of handling calls from customers who do not have touch-tone telephones.

7.1.4 Under Normal Operating Conditions, calls received by the Licensee shall be answered within thirty (30) seconds. The Licensee shall meet this standard for ninety percent (90%) of the calls it receives at all call centers receiving calls from Subscribers, as measured on a cumulative quarterly calendar basis. Measurement of this standard shall include all calls received by the Licensee at all call centers receiving calls from Subscribers, whether

they are answered by a live representative, by an automated attendant, or abandoned after 30 seconds of call waiting.

7.1.5 Under Normal Operating Conditions, callers to the Licensee shall receive a busy signal less than three percent (3%) of the time during any calendar quarter.

7.1.6 Upon request from the Issuing Authority, but in no event more than once a quarter, thirty (30) days following the end of each quarter, the Licensee shall report to the Issuing Authority in writing the following for all call centers receiving calls from Subscribers except for temporary telephone numbers set up for national promotions:

- (1) Percentage of calls answered within thirty (30) seconds as set forth in Section 7.1.4.
- (2) Percentage of time customers received busy signal when calling the customer service center as set forth in Section 7.1.5.

Subject to applicable consumer privacy requirements, underlying information used to generate said reports will be made available to the City for review upon reasonable request.

7.1.7. At the Licensee's option, the measurements and reporting above may be changed from calendar quarters to billing or accounting quarters. The Licensee shall notify the Issuing Authority in writing of such a change at least thirty (30) days in advance of any implementation.

7.2 Installations and Service Appointments:

7.2.1. All installations shall be in accordance with applicable FCC rules relating to grounding, connection of equipment, and the provision of required consumer information and literature to adequately inform the Subscriber about using the Licensee-supplied equipment and Cable Service.

7.2.2. The Standard Installation shall be performed within seven (7) business days after the placement of the Optical Network Terminal ("ONT") on the customer's premises or within seven (7) business days after an order is placed if the ONT is already installed on the customer's premises. The Licensee shall meet this standard for ninety-five percent (95%) of the Standard Installations it performs, as measured on a calendar quarter basis, excluding customer requests for connection later than seven (7) days after ONT placement or later than seven (7) days after an order is placed if the ONT is already installed on the customer's premises.

7.2.3. The Licensee shall provide the Issuing Authority with a report, upon request from the Issuing Authority but in no event more than once a quarter thirty (30) days following the end of each quarter, noting the percentage of Standard Installations completed within the seven (7) day period, excluding those requested outside of the seven (7) day period by the Subscriber. Subject to applicable consumer privacy requirements, underlying information used to generate said reports shall be made available to the Issuing Authority for review upon

reasonable request. At the Licensee's option, the measurements and reporting of the above may be changed from calendar quarters to billing or accounting quarters. The Licensee shall notify the Issuing Authority in writing of such a change not less than thirty (30) days in advance.

7.2.4 The Licensee shall offer Subscribers "appointment window" alternatives for arrival to perform installations, Service Calls and other activities of a maximum four (4) hours scheduled time block during appropriate daylight available hours, generally beginning at 8:00 AM unless it is deemed appropriate to begin earlier by location exception. At the Licensee's discretion, the Licensee may offer Subscribers appointment arrival times other than these four (4) hour time blocks, if agreeable to the Subscriber. These hour restrictions do not apply to weekends.

7.3 Service Interruptions and Outages:

7.3.1. The Licensee shall promptly notify the Issuing Authority in writing of any Significant Outage of the Cable Service.

7.3.2 The Licensee shall exercise commercially reasonable efforts to limit any Significant Outage for the purpose of maintaining, repairing, or constructing the Cable System. Except in an emergency or other situation necessitating a more expedited or alternative notification procedure, the Licensee may schedule a Significant Outage for a period of more than four (4) hours during any twenty-four (24) hour period only after the Issuing Authority and each affected Subscriber in the Service Area have been given fifteen (15) days prior notice of the proposed Significant Outage.

7.3.3. Under Normal Operating Conditions, the Licensee shall Respond to a call from a Subscriber regarding a Service Interruption or other service problems within the following time frames:

(1) Within twenty-four (24) hours, including weekends, of receiving Subscriber calls respecting Service Interruptions in the Service Area.

(2) The Licensee shall begin actions to correct all other Cable Service problems the next business day after notification by the Subscriber or the Issuing Authority of a Cable Service problem.

7.3.4. Under Normal Operating Conditions, the Licensee shall complete Service Calls within seventy-two (72) hours of the time the Licensee commences to Respond to the Service Interruption, not including weekends and situations where the Subscriber is not reasonably available for a Service Call to correct the Service Interruption within the seventy-two (72) hour period.

7.3.5 The Licensee shall meet the standard in Section 7.4.4 for ninety percent (90%) of the Service Calls it completes, as measured on a quarterly basis.

7.3.6 The Licensee shall provide the Issuing Authority with a report in writing, upon request from the Issuing Authority, but in no event more than once a quarter within

thirty (30) days following the end of each calendar quarter, noting the percentage of Service Calls completed within the seventy-two (72) hour period not including Service Calls where the Subscriber was reasonably unavailable for a Service Call within the seventy-two (72) hour period as set forth in Section 7.3.4. Subject to applicable consumer privacy requirements, underlying information used to generate said reports will be made available to the Issuing Authority for review upon reasonable request. At the Licensee's option, the above measurements and reporting may be changed from calendar quarters to billing or accounting quarters. The Licensee shall notify the Issuing Authority in writing of such a change at least thirty (30) days in advance.

7.3.7. Under Normal Operating Conditions, if a Significant Outage affects all Video Programming Cable Services for more than twenty-four (24) consecutive hours, the Licensee shall issue an automatic credit to the affected Subscribers in the amount equal to their monthly recurring charges for the proportionate time the Cable Service was out, or a credit to the affected Subscribers in the amount equal to the charge for the Basic Service for the proportionate time the Cable Service was out, whichever is technically feasible or, if both are technically feasible, as determined by the Licensee provided that such determination is non-discriminatory and in accordance with applicable laws. Such credit shall be reflected on Subscriber billing statements within the next available billing cycle following the outage.

7.3.8. With respect to service issues concerning Cable Services provided to City facilities, the Licensee shall Respond to all inquiries from the Issuing Authority within four (4) hours and shall commence necessary repairs within twenty-four (24) hours under Normal Operating Conditions. If such repairs cannot be completed within twenty-four (24) hours, the Licensee shall notify the Issuing Authority in writing as to the reason(s) for the delay and provide an estimated time of repair.

7.4 Subscriber Complaints:

Under Normal Operating Conditions, the Licensee shall resolve Subscriber Complaints referred by the Issuing Authority within seventy-two (72) hours; provided, however, that the Licensee shall notify the Issuing Authority of those matters that necessitate an excess of seventy-two (72) hours to resolve, which matters shall be resolved within fifteen (15) days of the initial Complaint. The Issuing Authority may require reasonable documentation to be provided by the Licensee to substantiate the request for additional time to resolve the problem. For purposes of this Section 7.4, "resolve" means that the Licensee shall perform those actions, which, in the normal course of business, are reasonable to investigate and effect a reasonable solution to the Subscriber's Complaint and to advise the Subscriber of said solution.

7.5 Billing:

7.5.1 Subscriber bills shall be itemized to describe Cable Services purchased by Subscribers and related equipment charges, and shall include the information required by 207 CMR 10.03(1) in clear, concise and understandable language and format. Bills shall clearly delineate all Cable Service activity during the billing period, including optional charges, rebates, credits, and aggregate late charges. In accordance with applicable law(s), the Licensee shall be allowed to itemize as separate line items, without limitation, License Fees,

taxes and/or other governmentally imposed fees. The Licensee shall maintain records of the date and place of mailing of Subscriber bills.

7.5.2. In accordance with 207 CMR 10.05(1), Subscriber payment shall be due on the due date marked on the bill, which shall be a date certain and in no case a statement that the bill is due upon receipt. The due date shall not be less than five (5) business days following the mailing date of the bill.

7.5.3. A specific due date shall be listed on the bill of every Subscriber.

7.5.4. Any billing disputes registered by a Subscriber shall be resolved in accordance with 207 CMR 10.07.

7.5.5 The Licensee shall notify the Subscriber of the result of its investigation of any Complaint and shall give an explanation for its decision within thirty (30) business days after the receipt of the Complaint. The Subscriber shall forfeit any rights under 207 CMR 10.07 if he or she fails to pay the undisputed balance within 30 days. Any Subscriber who disagrees with the results of the Licensee's investigation shall promptly inquire about and take advantage of any Complaint resolution mechanism, formal or informal, available under this Final License or through the Issuing Authority before the Cable Division may accept a petition. The Subscriber or the Licensee may petition the Cable Division to resolve disputed matters within thirty (30) days of any final action.

7.5.6. The Licensee shall forward a copy of any Cable Service related billing inserts or other mailing sent to Subscribers, to the Issuing Authority upon request.

7.5.7. The Licensee shall provide all Subscribers with the option of paying for Cable Service by check or an automatic payment option where the amount of the bill is automatically deducted from a checking account designated by the Subscriber. The Licensee may in the future, at its discretion, permit payment by using a major credit card on a preauthorized basis. Based on credit history, at the option of the Licensee, the payment alternative may be limited.

7.6. Deposits, Refunds and Credits:

7.6.1. The Licensee shall comply with 207 CMR 10.08 with respect to security deposits.

7.6.2. Under Normal Operating Conditions, refund checks shall be issued within the next available billing cycle following the resolution of the event giving rise to the refund (e.g., equipment return and final bill payment).

7.6.3. Credits for Cable Service shall be issued no later than the Subscriber's next available billing cycle, following the determination that a credit is warranted, and the credit is approved and processed. Such approval and processing shall not be unreasonably delayed.

7.7 Rates, Fees and Charges:

7.7.1. The Licensee shall not, except to the extent permitted by applicable laws, impose any fee or charge for Service Calls to a Subscriber's premises to perform any repair or maintenance work related to the Licensee's equipment necessary to receive Cable Service, except where such problem is caused by a negligent or wrongful act of the Subscriber (including, but not limited to a situation in which the Subscriber reconnects the Licensee equipment incorrectly) or by the failure of the Subscriber to take reasonable precautions to protect the Licensee's equipment (for example, a dog chew).

7.7.2. The Licensee shall provide reasonable notice to Subscribers of the possible assessment of a late fee on bills or by separate notice. The Licensee's imposition of late fees shall comply with 207 CMR 10.05(3).

7.8. Termination of Service:

7.8.1. The Licensee shall comply with 207 CMR 10.05 with respect to delinquency and termination of service.

7.8.2. In accordance with applicable laws and regulations, nothing in these standards shall limit the right of the Licensee to deny Cable Service for non-payment of previously provided Cable Services, refusal to pay any required deposit, theft of Cable Service, damage to the Licensee's equipment, abusive and/or threatening behavior toward the Licensee's employees or representatives, or refusal to provide credit history information or refusal to allow the Licensee to validate the identity, credit history and credit worthiness via an external credit agency.

7.9. Communications with Subscribers:

7.9.1. The Licensee shall require that: (i) all Licensee personnel, contractors and subcontractors contacting Subscribers or potential Subscribers outside the office of the Licensee wear a clearly visible identification card bearing their name and photograph; (ii) all Licensee representatives wear appropriate clothing while working at a Subscriber's premises; and (iii) every service vehicle of the Licensee and its contractors or subcontractors shall (a) be clearly identified as such to the public, (b) have the Licensee's logo plainly visible and (c) have the contractor's / subcontractor's name plus markings (such as a magnetic door sign) indicating they are under contract to the Licensee. In addition, the Licensee shall make reasonable effort to account for all identification cards at all times.

7.9.2. The Licensee shall require that all contact with a Subscriber or potential Subscriber by a Person representing the Licensee shall be conducted in a courteous and professional manner.

7.9.3. The Licensee shall send annual notices to all Subscribers informing them that any Complaints or inquiries not satisfactorily handled by the Licensee may be referred to the Issuing Authority.

7.9.4. All notices identified in this Article 7 shall be by either:

(1) A separate document included with a billing statement or included on the portion of the monthly bill that is to be retained by the Subscriber; or

(2) A separate electronic notification, if allowed under applicable laws and regulations.

7.9.5. Pursuant to 207 CMR 10.01(1), the Licensee shall give written notice of its billing practices to potential Subscribers before a subscription agreement is reached. Pursuant to 207 CMR 10.01(3), the Licensee shall provide the Issuing Authority and all affected Subscribers with at least thirty (30) days notice prior to implementing a change of one of its billing practices.

7.9.6. Pursuant to 207 CMR 10.02(2), the Licensee shall provide the Cable Division, Issuing Authority and all affected Subscribers with at least thirty (30) days notice prior to implementing an increase in one of its rates or charges or a substantial change in the number or type of Programming services in the Issuing Authority.

(6) Procedures for requesting Cable Service credit;

(7) The availability of a parental control device;

(8) Licensee practices and procedures for protecting against invasion of privacy; and

(9) The address and telephone number of the Licensee's office to which Complaints may be reported.

7.9.8. Notices of changes in rates shall indicate the Cable Service new rates and old rates, if applicable.

7.9.10. Notices of changes of Cable Services and/or Channel locations shall include a description of the new Cable Service, the specific channel location, and the hours of operation of the Cable Service if the Cable Service is only offered on a part-time basis. In addition, should the channel location, hours of operation, or existence of other Cable Services be affected by the introduction of a new Cable Service, such information must be included in the notice.

Such notice shall specifically reference the section or subsection of this Final License which is under review, so that the Licensee may organize the necessary books and records for appropriate access by the Issuing Authority. The Licensee shall not be required to maintain any books and records for License compliance purposes longer than three (3) years. Notwithstanding anything to the contrary set forth herein, the Licensee shall not be required to disclose information that it reasonably deems to be proprietary or confidential in nature, nor disclose any of its or an Affiliate's books and records not relating to the provision of Cable Service in the City. In the event that the Issuing Authority receives a request to disclose any information provided to the Issuing Authority by the Licensee pursuant to this Final License, which information is deemed by the Licensee to be confidential or proprietary, then the Issuing Authority shall promptly notify the Licensee in writing of such request, prior to disclosure of such information, consistent with applicable law, and to maintain such information as confidential and proprietary consistent with applicable law. The Licensee shall not be required to provide Subscriber information in violation of Section 631 of the Communications Act, 47 U.S.C. § 551.

8.3. *Dual Filings:* Upon written request of the Issuing Authority, the Licensee shall provide a copy of any documents or forms filed by the Licensee with the FCC and/or the DTC that materially pertain to the Licensee's Cable System in the City.

8.4. *Proof of Performance Tests:* Upon written request of the Issuing Authority, the Licensee shall provide a copy of proof of performance tests required by applicable law.

8.5. *Annual Performance Review:* The Issuing Authority or his or her designee may, at its discretion but not more than once per twelve-month period, hold a performance evaluation session. The purpose of such evaluation session shall be to review the Licensee's compliance with the terms and conditions of this Final License. The Issuing Authority shall provide the Licensee with thirty (30) days advance written notice of such evaluation session. The Issuing Authority shall provide the Licensee with a written report with respect to the Licensee's compliance within sixty (60) days after the conclusion of such evaluation session.

8.6. *Quality of Service:* If there exists credible evidence which, in the reasonable judgment of the Issuing Authority, casts doubt upon the reliability or technical quality of the Licensee's Cable Services in the Issuing Authority, then, after notice to the Licensee and an opportunity to cure, the Issuing Authority shall have the right to require the Licensee to test, analyze and report in writing on the performance of the Cable System.

9. INSURANCE AND INDEMNIFICATION

9.1 *Insurance:*

9.1.1. The Licensee shall maintain in full force and effect, at its own cost and expense, during the term of this Final License, the following insurance coverage:

9.1.1.1. Commercial General Liability Insurance in the amount of one million dollars (\$1,000,000) combined single limit for property damage and bodily injury. Such insurance shall cover the construction, operation and maintenance of the Cable System, and the conduct of the Licensee's Cable Service business in the City.

9.1.1.2. Automobile Liability Insurance in the amount of one million dollars (\$1,000,000) combined single limit for bodily injury and property damage coverage.

9.1.1.3. Workers' Compensation Insurance meeting all legal requirements of the State.

9.1.1.5. Excess liability or umbrella coverage of not less than five million dollars (\$5,000,000).

9.1.2. The City shall be included as additional insured under each of the insurance policies required in this Article 9 except Worker's Compensation and Employer's Liability Insurance.

9.1.3. The Licensee shall not cancel any required insurance policy without submitting documentation to the Issuing Authority verifying that the Licensee has obtained alternative insurance in conformance with this Final License.

9.1.4. Each of the required insurance policies shall be with insurers qualified to do business in the State of Massachusetts, with an A.M. Best Financial Strength rating of A- or better.

9.1.5. Upon written request, the Licensee shall deliver to the City Certificates of Insurance showing evidence of the required coverage.

9.1.6. The limits required above may be satisfied with a combination of primary and excess coverage.

9.2 Indemnification:

9.2.1 The Licensee shall, at its sole cost and expense, indemnify and hold harmless the City, the City, its officials, boards, commissions, committees, agents and/or employees against all claims for damage, including without limitation damage to Persons or property, real and personal, due to the actions of the Licensee, its employees, officers or agents arising out of the installation, maintenance and/or operation of the Cable System under this Final License. Indemnified expenses shall include all reasonable attorneys' fees and costs incurred by the City up to such time that the Licensee assumes defense of any action hereunder. The Issuing Authority shall give the Licensee written notice of its obligation to indemnify and defend the City within ten (10) business days of receipt of a claim or action pursuant to this section.

9.2.2. With respect to the Licensee's indemnification obligations set forth in Section 9.2.1, the Licensee shall, at its own expense, provide the defense of any claims brought against the City by selecting counsel of the Licensee's choice to defend the claim, subject to the consent of the Issuing Authority, which shall not unreasonably be withheld. Nothing herein shall be deemed to prevent the Issuing Authority from cooperating with the Licensee and participating in the defense of any litigation by its own counsel at its own cost and expense, provided however, that after consultation with the Issuing Authority, the Licensee shall have the right to defend, settle or compromise any claim or action arising hereunder, and the Licensee shall have the authority to decide the appropriateness and the amount of any such settlement. In the event that the terms of any such settlement includes the release of the City and the Issuing Authority does not consent to the terms of any such settlement or compromise, the Licensee shall not settle the claim or action but its obligation to indemnify the City shall in no event exceed the amount of such settlement.

9.3. *Performance Bond.* The Licensee shall maintain, without charge to the City, throughout the term of the Final License a faithful performance bond running to the City, with good and sufficient surety licensed to do business in the State in the sum of Fifty Thousand Dollars (\$50,000). Said bond shall be conditioned upon the faithful performance and discharge of all of the obligations imposed by this Final License. The performance bond shall be effective throughout the term of this Final License and shall be conditioned that in the event that the Licensee shall fail to comply with any one or more provisions of this Final License, or to comply with any order, permit or direction of any department, agency, commission, board, division or office of the City having jurisdiction over its acts, or to pay any claims, liens or taxes due the City which arise by reason of the construction, upgrade, maintenance and/or operation of the Cable System, the City shall recover from the surety of such bond all damages suffered by the City as a result thereof, pursuant to Article 11 below. Said bond shall be a continuing obligation of this Final License, and thereafter until the Licensee has satisfied all of its obligations to the City that may have arisen from the grant of the Final License or from the exercise of any privilege herein granted. In the event that a performance bond provided pursuant to this Final License is not renewed or cancelled, the Licensee shall provide a new performance bond pursuant to this Section 9.3 within thirty (30) days of such failure to renew or cancellation. Neither cancellation, nor termination nor refusal by the surety to extend the bond, nor the inability of the Licensee to file a replacement bond or replacement security for its obligations under this Final License, shall constitute a loss to the City recoverable under the bond. Neither this section, any bond accepted pursuant thereto, or any damages recovered thereunder shall limit the liability of the Licensee under the Final License. Recourse by the City of remedies available under this Section 9.3 shall not be exclusive of other lawful remedies available to the City at law and equity. Said bond shall be substantially in the form of **Exhibit D** attached hereto.

10 RENEWAL OF LICENSE

The Issuing Authority and the Licensee agree that any proceedings undertaken by the Issuing Authority that relate to the renewal of this Final License shall be governed by and comply with the provisions of Section 626 of the Communications Act, 47 U.S.C. § 546, and M.G.L. Chapter 166A. The Issuing Authority shall notify the Licensee of any ascertainment proceedings conducted pursuant to Section 626 of the Communications Act, and shall provide the Licensee with a copy of the record of such proceeding.

11 ENFORCEMENT AND TERMINATION OF LICENSE

11.1 Notice of Violation: If at any time the Issuing Authority believes that the Licensee has not complied with the terms of this Final License, the Issuing Authority shall informally discuss the matter with the Licensee, however the Issuing Authority reserves the right to inform the Licensee of such non-compliance in writing prior to informal discussions. If such informal discussions do not lead to resolution of the problem in a reasonable time, the Issuing Authority shall then notify Licensee in writing of the exact nature of the alleged noncompliance (for purposes of this Article, the "Noncompliance Notice").*The Licensee's*

11.2 Right to Cure or Respond: The Licensee shall have thirty (30) days from receipt of the Noncompliance Notice to: (i) respond in writing to the Issuing Authority, if the Licensee contests (in whole or in part) the assertion of noncompliance; (ii) cure such noncompliance; or (iii) in the event that, by its nature, such noncompliance cannot be cured within such thirty (30) day period, initiate reasonable steps to remedy such noncompliance, continue such efforts until said noncompliance is cured, and notify the Issuing Authority at no more than twenty-one (21) day intervals as to the Licensee's efforts and progress to remedy such noncompliance. Upon a jointly agreed upon cure of any noncompliance by the Issuing Authority and the Licensee, the Issuing Authority shall provide the Licensee with written confirmation that such cure has been effected.

11.3 Public Hearing: In the event that the Licensee fails to respond to the Noncompliance Notice pursuant to the procedures set forth in Section 11.2 above, and/or if the Issuing Authority otherwise seeks to continue its investigation into the alleged noncompliance, then the Issuing Authority shall schedule a public hearing. The Issuing Authority shall provide the Licensee at least thirty (30) days prior written notice of such public hearing, which will specify the time, place and purpose of such public hearing and whether revocation of this Final License is a possible consequence. At any designated public hearing where revocation of this Final License is not a possible consequence, the Licensee shall be provided a fair opportunity for full participation, including the right to be represented by legal counsel and to introduce relevant evidence. At any designated public hearing where revocation of this Final License is a possible consequence, the Licensee shall be provided a fair opportunity for full participation, including the right to be represented by legal counsel and to introduce relevant evidence, and shall also have the right to require the production of evidence, to compel the relevant testimony of the officials, agents, employees or consultants of the Issuing Authority, to compel the testimony of other persons as permitted by law, and to question and/or cross examine witnesses. A complete record shall be made of such hearing. Within thirty (30) days of the close of the hearing, the Issuing Authority shall issue a written determination of its findings.

11.4 Enforcement: In the event the Issuing Authority, after the public hearing set forth in Section 11.3 above, determines that the Licensee is in default of any provision of this Final License, the Issuing Authority may:

11.4.1 Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages;

11.4.2 Commence an action at law for monetary damages or seek other equitable relief;

11.4.3 Assess liquidated damages in accordance with the schedule set forth in Section 11.6 below;

11.4.4 Submit a claim against an appropriate part of the performance bond pursuant to Section 9.3 above;

11.4.5 In the case of a substantial noncompliance of a material provision of this Final License, seek to revoke this Final License in accordance with Section 11.5; or

11.4.6 Invoke any other lawful remedy available to the City.

11.5 Revocation: In the event that the Issuing Authority determines that it will revoke this Final License pursuant to Section 11.4 above, the Licensee may appeal such written determination of the Issuing Authority to an appropriate court or to the Cable Division, which shall have the power to review the decision of the Issuing Authority consistent with applicable law and regulation. The Licensee shall be entitled to such relief as the court finds appropriate. Such appeal must be taken within sixty (60) days of the Licensee's receipt of the written determination of the Issuing Authority. The Issuing Authority may, at its sole discretion, take any lawful action that it deems appropriate to enforce the City's rights under this Final License in lieu of revocation of this Final License.

11.6 Liquidated Damages: For the violation of any of the following provisions of this Final License, liquidated damages shall be paid by the Licensee to the City. Any such liquidated damages shall be assessed as of the date that the Licensee received written notice of the provision or provisions which the City believes are in default, provided that the City has made a determination of default in accordance with the procedures set forth in Sections 11.1 through 11.4 above. On an annual basis from the Effective Date, the Licensee shall not be liable for liquidated damages that exceed Twenty Thousand Dollars (\$20,000). The liquidated damages shall be assessed as follows:

- 1) For failure to operate and maintain the Subscriber Network in accordance with Section 3.1.1 herein, Three Hundred Dollars (\$300) per day, for each day that such non-compliance continues.
- 2) For failure to obtain the advance, written approval of the Issuing Authority for any transfer of the Renewal License in accordance with Section 2.10 herein, Five Hundred Dollars (\$500) each day that any non-compliance continues.
- 3) For failure to comply with the technical standards, pursuant to Section 4.1.3 and 4.1.4 herein, Three Hundred Fifty Dollars (\$350), for each day that the non-compliance continues.
- 4) For failure to comply with the PEG Access provisions in accordance with Section 5 herein, Three Hundred and Fifty Dollars (\$350) per day, for each day that any such non-compliance continues.
- 5) For failure to comply with the Customer Service Obligations in accordance with Section 7 herein, One Hundred Dollars (\$100) per day that any such non-compliance continues.
- 6) For failure to install and/or fully activate the Subscriber Network Drops and/or Outlets in accordance with Section 3.3 herein, One Hundred Dollars (\$100) per day that any such Drops and/or Outlets are not provided, installed and/or activated as required.

Such liquidated damages shall not be a limitation upon any other provisions of this Final License and applicable law, including revocation, or any other statutorily or judicially imposed penalties or remedies; provided, however, that in the event that the City collects liquidated damages for a

specific breach for a specific period of time, pursuant to Section 11.6 above, the collection of such liquidated damages shall be deemed to be the exclusive remedy for said specific breach for such specific period of time only. Each of the above-mentioned cases of non-compliance shall result in damage to the City, its residents, businesses and institutions, compensation for which will be difficult to ascertain. The Licensee agrees that the liquidated damages in the amounts set forth above are fair and reasonable compensation for such damage. The Licensee agrees that said foregoing amounts are liquidated damages, not a penalty or forfeiture, and are within one or more exclusions to the term "franchise fee" provided by Section 622(g)(2)(A)-(D) of the Communications Act.
