Other New Business

Jim Wallace discussed confusion in stun gun law as classified as a firearm and a LTC is needed and maybe should be a LTC to possess but not to purchase: disposal issues, storage/trigger locks confusion. Also discussed licensing delays

Al Offringa mention LEOSA just needs to be a Police Office for 10 years not 15 and also covers ammunition.

Michaela Dunn mentions delays are around 5 weeks and that a bond will be made available soon to update MERCS. Approximately 2500 LTC are being received weekly.

Next meeting September 6, 2019 10AM at MEMA (tentatively)
