TO: All Retirement Boards

FROM: Joseph E. Connarton, Executive Director

RE: Mandatory Retirement Board Member Training - 2nd Quarter 2016

DATE: April 8, 2016

As you know, Chapter 32 mandates that retirement board members complete training during each year of service on the retirement board. Failure to meet this mandatory requirement will prohibit the member from serving beyond the conclusion of the term for which the training requirement was not met.

Retirement board members are reminded of the requirement to meet the statutory education mandate. As we enter the fourth year of this program it must be noted that, unfortunately, several retirement board members have become ineligible for service on retirement boards due to failure to fulfill the education mandate.

In awarding the number of credits for individual courses, the Commission does not necessarily base that number on the length of the program, but also considers the nature of the topic involved.

Please note, affidavits will be accepted as proof of attendance for online courses (see below AG, IG, Ethics Commission, NCPC and CFA).

Members of boards are encouraged to complete a full range of educational offerings during their term. Credit will not be given for any on-line class repeated within a twelve month period.

### Pre - Approval

The Commission is willing to approve educational credits for a variety of events sponsored by "...local, state, regional and national organizations recognized by the Commission as having expertise in retirement issues of importance to retirement board members or other entities..." This provision of the statute has been interpreted to encompass particular programs offered by such entities. For example, an ethics class or open meeting law class offered as part of a broader conference may be eligible for education credit. However, approval for such credit must take place well in advance of the date of the event. This will enable the Commission to analyze the program and to provide a general notice to retirement board members to maximize participation.

The Office of the Inspector General (OIG) has developed an introductory on-line course that covers the legal requirements for the procurement of contracts by local government bodies for supplies and services under M.G.L. c. 30B. Although that statute does not apply to "a contract for retirement board services" recently enacted law sets forth similar requirements for retirement boards to follow when seeking certain services. In addition, retirement board members, under their fiduciary duty to act as a prudent expert would act, should employ best practices in this area.

Bidding Basics takes two to three hours to complete. It has been designed to be completed through PACE, the Commonwealth's Web-based Learning Management System, or at your stand-alone computer using a Compact Disc (CD).

PACE should be accessible to any entity with an Internet connection. Upon registering with the Office of the Inspector General, you will be issued a PACE Login ID and Password so that you may access PACE for free.
