

## MEMORANDUM

TO: All Retirement Boards

FROM: Joseph I. Martin, Deputy Executive Director

RE: Mandatory Retirement Board Member Training – 3rd Quarter 2016

DATE: July 8, 2016

As you know, Chapter 32 mandates that retirement board members complete training during each year of service on the retirement board. Failure to meet this mandatory requirement will prohibit the member from serving beyond the conclusion of the term for which the training requirement was not met.

Retirement board members are reminded of the requirement to meet the statutory education mandate. As we enter the fourth year of this program it must be noted that, unfortunately, several retirement board members have become ineligible for membership on retirement boards due to failure to fulfill the education mandate.

**Office of the Inspector General – Bidding Basics (Three Credits)**

The Office of the Inspector General (OIG) has developed an introductory on-line course that covers the legal requirements for the procurement of contracts by local government bodies for supplies and services under MGL c. 30B. Although that statute does not apply to “a contract for retirement board services” recently enacted law sets forth similar requirements for retirement boards to follow when seeking certain services. In addition, retirement board members, under their fiduciary duty to act as a prudent expert would act, should employ best practices in this area.
