

MEMORANDUM

TO: All Retirement Boards

FROM: Robert F. Stalnaker, Executive Director

RE: Superannuation Retirement Calculations of Veterans

DATE: September 24, 1997

When your Board submits a superannuation retirement calculation to PERAC for a member who is a veteran, please include a copy of the member's federal DD 214 Form or other proof of veteran status. This information is needed both to determine eligibility for the additional \$15 per year of service (\$300 maximum) available to veterans and to verify members' eligibility to purchase military service under chapter 71 of the acts of 1996. Please include the DD 214 form along with all the other necessary paperwork, so that veteran status will be documented within PERAC's calculation unit.

Thank you for your continued cooperation.
