

**Chapter 188 of the Acts of 2010**  
**Municipal Relief Act Sections Other Than ERI**  
**Sections 16, 17, 18, 19 and 71**

**SECTION 16.** Paragraph (f) of subdivision (3) of section 21 of chapter 32 of the General Laws, as appearing in the 2008 Official Edition, is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph:-

An actuarial valuation of each system shall be conducted biennially and experience investigations shall be conducted every 6 years. Actuarial valuation reports and experience studies shall be conducted in such manner as the commissioner of administration, upon advice of the actuary, shall consider appropriate.

**SECTION 17.** The first paragraph of subdivision (1) of section 22D of said chapter 32, as amended by section 18 of chapter 21 of the acts of 2009, is hereby further amended by inserting after the first sentence, as so appearing, the following sentence:-

A funding schedule established under this section shall provide that the payment in any year of the schedule is not less than 95 per cent of the amount appropriated in the previous fiscal year.

**SECTION 18.** Said chapter 32 is hereby further amended by inserting after section 22E the following section:-

Section 22F. (a) A system, other than the state employees' retirement system and the teachers' retirement system, which conducts an actuarial valuation of the retirement system as of January 1, 2009, or later, may establish a revised retirement system funding schedule, subject to the approval of the actuary, which reduces the unfunded actuarial liability of the system to zero not later than June 30, 2040, as long as: (1) the payment in a year under the revised schedule or a subsequent schedule is not less than the payment in a prior fiscal year under the then current schedule until the system is fully funded; and (2) the increase in the amortization component of the appropriations required by the schedule from year to year does not exceed 4 per cent and is so designed that the funding schedule and any updates to it reduce the unfunded actuarial liability of the system to zero on or before June 30, 2040.

(b) If an updated actuarial valuation allows for the development of a revised schedule with reduced payments, the revised schedule shall be adjusted to reduce the unfunded liability of the system to zero by an earlier date to the extent required to ensure that the appropriation required for a particular year under the new schedule shall not be less than the amount identified for that year under the prior schedule established under this section.

(c) If a schedule established under this section would result in an appropriation in the first fiscal year of the schedule that is greater than 8 per cent more than the appropriation in the previous fiscal year, the requirement of clause (2) of subsection (a) may be adjusted with the approval of the public employee retirement administration commission.

(d) Systems may establish a schedule under this section that provides for an increase in the maximum base amount on which the cost-of-living adjustment is calculated pursuant to section 103, in multiples of \$1,000. Acceptance of this subsection shall be in accordance with paragraph (j) of section 103.

**SECTION 19.** Section 103 of said chapter 32, as so appearing is hereby amended by adding the following paragraph: -

(j) Notwithstanding paragraph (a), the board of any system that establishes a schedule pursuant to section 22D or 22F, may increase the maximum base amount on which the cost-of-living adjustment is calculated, in multiples of \$1,000. Each increase in the maximum base amount shall be accepted by a majority vote of the board of such system, subject to the approval of the legislative body. For the purpose of this section, “legislative body” shall mean, in the case of a city, the city council in accordance with its charter, in the case of a town, the town meeting, in the case of a district, the district members, and, in the case of an authority, the governing body. In the case of a county or region, acceptance shall be by the county or regional retirement board advisory council at a meeting called for that purpose by the county or regional retirement board that shall notify council members at least 60 days before the meeting. Upon receiving notice, the treasurer of a town belonging to the county or regional retirement system shall make a presentation to the town’s chief executive officer, as defined in paragraph (c) of subdivision (8) of section 22, regarding the impact of the increase in the cost-of-living adjustment base, the failure of which by a treasurer shall not impede or otherwise nullify the vote by the advisory council. Acceptance of an increase in the maximum base amount shall be deemed to have occurred upon the filing of the certification of such vote with the commission. A decision to accept an increase in the maximum base amount may not be revoked.

**SECTION 71.** The first actuarial valuation to be conducted pursuant to the second paragraph of paragraph (f) of subdivision (3) of section 21 chapter 32 of the General Laws, as appearing in section 16, shall be completed by January 1, 2011, or by January 1 of the third year following the last actuarial valuation of the system, whichever first occurs.
