At this virtual public meeting, the project team will provide updates for the Memorial Drive Phase III construction pertaining to landscape maintenance and access to Riverbend Park. The project includes numerous parkway and parkland improvements that will provide a safer experience for pedestrians, bicyclists, and motor vehicles that travel through this segment of Memorial Drive and the Charles River Reservation. The project limits go from the Eliot Bridge, just west of the Cambridge Boat House, to JFK Street at the Anderson Memorial Bridge in Cambridge. Please check the [project page](#) for further information on this project.

The public will be invited to ask questions during the meeting, after the presentation, by unmuting their microphones, or by using the Q&A functionality that will be available through the virtual participation platform. After the meeting, the presentation will be available for viewing on DCR's [Past events for DCR Public Meetings Information](#) web page.
