RE:

Dear Mr. Cronin,

The Town of Mendon has been working diligent towards our Community Compact goal of developing a plan to expand our commercial tax base and to increase our housing production. We recently issued an RFP for analysis and development of three Town owned parcels, two of which reside on a highly travel commercial intersection. This analysis will include assessing the infrastructure needs of the sites and the best use for those locations to maximize returns.

In addition to the RFP, we have been working to develop a senior housing project, which will increase our overall housing score. We believe that both of these efforts have fulfilled our Community Compact.

Sincerely,

Kimberly Newman
Town Administrator
