- ☐ Any formation of a partnership, joint venture, accountable care organization, parent corporation, management services organization, or other organization created for administering contracts with Carriers or third-party administrators or current or future contracting on behalf of one or more Providers or Provider Organizations.

13. What is the proposed effective date of the proposed Material Change? April 20, 2021

MATERIAL CHANGE NARRATIVE

14. *Briefly* describe the nature and objectives of the proposed Material Change, including any exchange of funds between the parties (such as any arrangement in which one party agrees to furnish the other party with a discount, rebate, or any other type of refund or remuneration in exchange for, or in any way related to, the provision of Health Care Services) and whether any changes in Health Care Services are anticipated in connection with the proposed Material Change:

Mercy Medical Center will transfer the clinical assets of Providence Behavioral Health Hospital to Holyoke Mental Health, LLC, Holyoke SUD, LLC, and Holyoke MMTP, LLC (collectively, the "Purchasers") on or around April 19, 2021. The Purchasers will obtain the necessary licenses from the Department of Public Health Bureau of Substance Addiction Services, reopen the facility under the name MiraVista Behavioral Health, and resume Acute Treatment Services (detoxification), Clinical Stabilization Services (post-detoxification), IOP, and a methadone clinic without interruption of service. Additionally, the Purchasers plan to re-establish inpatient psychiatric services at the facility. The Purchasers are currently working with the Massachusetts Department of Mental Health to obtain the licenses necessary to provide up to 84 beds for child, adolescent, and adult inpatients. The timeline for the opening of these inpatient beds is still being determined.

15. *Briefly* describe the anticipated impact of the proposed Material Change, including but not limited to any anticipated impact on reimbursement rates, care referral patterns, access to needed services, and/or quality of care:

The Purchasers will begin operation of the Detoxification unit, Step-down program and Methadone clinic on or about April 20, 2021. The timing of the purchase is designed to prevent an interruption in service to current patients. Selected services, including the Methadone clinic will be opened and operational on Tuesday April 20 under the name MiraVista Behavioral Health. The opening of MiraVista will provide benefits to patients and the community alike, by filling a critical, growing need for behavioral health treatment in the Pioneer Valley.

MiraVista also plans to provide comprehensive mental health treatment for children and adolescents, as well as treatments for adults experiencing a primary mental or emotional health crisis, with or without co-occurring substance abuse, including the need for detoxification. MiraVista will consist of a team of fully dedicated psychiatrists, social workers, nurse practitioners, nurses and mental health counselors who are specifically trained within behavioral health care.

This transaction will maintain and increase access to substance use and psychiatric services in the Pioneer Valley. There are no known reasons to suggest that reimbursement rates will be impacted by this transaction.
