

# MESHARE WIKI SITE

Massachusetts Employee Safety & Health Assistance Resource Exchange

## Log-in Instructions

The purpose of the Massachusetts Employee Safety & Health Assistance Resource Exchange (MESHARE) wiki is to share information to reduce work-related injuries and illnesses. The MESHARE site is hosted on the Commonwealth's software, called CommonWiki, and the page is maintained by the Department of Labor Standards. For help with log-in, call 508-616-0461.

### 1. Go To Wiki Page

Go to <https://wiki.state.ma.us/pages/viewpage.action?pageId=356352094>

### 2. Create a Log-In

**Username:** is your state email address: [first.last@state.ma.us](mailto:first.last@state.ma.us)  
or [first.last@detma.org](mailto:first.last@detma.org)

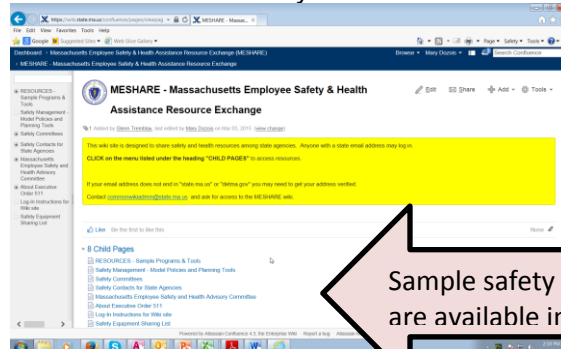

**Password:** is your choice, created when you log in for first time.

**\*\*NOTES:** A confirmation e-mail will be sent to you. Click to confirm your account. Your username must be your state email address. You must have a valid state email address to create an account.

If your state email address does not end in "state.ma.us" or "detma.org" contact the wiki helpdesk at [commonwikiadmins@state.ma.us](mailto:commonwikiadmins@state.ma.us).

### 3. Browse Resources.

Type MESHARE into the search box if you do not land on the main MESHARE page.

Sample safety programs and powerpoints are available in RESOURCES.
