On behalf of the Court Management Advisory Board, I am pleased to release the [Court Management Advisory Board Annual Report for 2014](#). This report summarizes the Board's view on the progress the courts have made in implementing the court reform legislation of 2011. The Board believes that the leadership of the Trial Court has embraced court reform and we look forward to continuing to support the Trial Court in its efforts to improve the management of its operations.

Glenn Mangurian

Chair, Court Management Advisory Board
