

## Life Insurance

Life insurance is a cost-effective way to protect your family and your finances. It helps ensure your short- and long-term financial obligations could be met if something unforeseen happens to you.

### Basic Term Life and Accidental Death and Dismemberment (AD&D) Insurance

New employees' insurance becomes effective on the first day of the month following the earlier of 60 days or two calendar months of continuous active employment. Should you decide not to enroll in the Basic Life insurance coverage when you are first eligible, you must wait until the next annual enrollment period. If you enroll at that time, your coverage will be effective on July 1st. Active employees and retirees are not required to submit Evidence of Insurability for Basic Life and AD&D insurance.

### Optional Term Life and Accidental Death and Dismemberment (AD&D) Insurance

**New Employees:** In order to enroll in the Optional Life and AD&D insurance program, you must first be enrolled in Basic Life and AD&D insurance. New employees may apply for up to eight times their salary when first eligible. The amount of Optional Life and AD&D insurance you may elect is up to you and is based on a multiple of your annual salary up to a maximum of \$1.5 million. In no event can it be more than eight times your annual salary.

**Late Enrollment:** New employees who do not apply for Optional Life insurance when first eligible, or do not elect the maximum amount at that time, may at any time during the year enroll or apply to increase their coverage, subject to providing evidence of insurability.

**At Retirement:** Retirees may elect to keep or reduce their Optional Life insurance in force upon retirement. If at the time of retirement you cancel or reduce your Optional Life insurance, you may apply to reinstate it up to the amount you carried at the time of retirement, subject to providing evidence of insurability. Before retirement, you should review the amount of your Optional Life insurance coverage and its cost to determine whether it will make economic sense for you to keep it when you retire. Optional Life insurance rates significantly increase when you retire and continue to increase based on your age.

**Accidental Death & Dismemberment (AD&D) coverage complements your Basic and Optional Life insurance coverage and helps protect you 24 hours a day, 365 days a year.**

### Accidental Death & Dismemberment Coverage

This valuable coverage benefits beyond your disability or life insurance for losses due to covered accidents — including while commuting, traveling by public or private transportation and during business trips. MetLife's AD&D insurance pays you benefits if you suffer a covered accident that results in paralysis or the loss of a limb, speech, hearing or sight, or brain damage or coma. If you suffer a covered fatal accident, benefits will be paid to your beneficiary.

### Covered Losses

This AD&D insurance pays benefits for covered losses that are the result of an accidental injury or loss of life. The full amount of AD&D coverage you select is called the "Full Amount" and is equal to the benefit payable for the loss of life. Benefits for other losses are payable as a predetermined percentage of the Full Amount, and will be listed in your coverage in a table of Covered Losses. Such losses include loss of limbs, sight, speech and hearing, various forms of paralysis, brain damage and coma. The maximum amount payable for all Covered Losses sustained in any one accident is capped at 100% of the Full Amount.

### Standard Additional Benefits Include

Some of the standard additional benefits included in your coverage that may increase the amounts payable to you and/or defray additional expenses that result from accidental injury or loss of life are:

- Air Bag
- Seat Belt
- Common Carrier
- Rehabilitative Physical Therapy
- Coma
- Paralysis
- Brain Damage
- Felonious Assault
