THIS CABLE LICENSE AGREEMENT (this "License" or "Agreement") is entered into by and between the Board of Selectmen of the Town of Middleborough, as Issuing Authority for the grant of the cable television license pursuant to the Massachusetts Cable Law, and Verizon New England, Inc., a corporation duly organized under the applicable laws of the State of New York (the "Licensee").

WHEREAS, the Issuing Authority wishes to grant Licensee a nonexclusive License to construct, install, maintain, extend and operate a cable system in the Town as designated in this License;

WHEREAS, the Issuing Authority is a "franchising authority" in accordance with Title VI (as hereinafter defined) (see 47 U.S.C. § 522(10)) and is authorized to grant one or more nonexclusive cable licenses pursuant to the Massachusetts Cable Law;

WHEREAS, Licensee is in the process of upgrading its existing Telecommunications Facilities through the installation of a Fiber to the Premise Telecommunications Network ("FTTP Network") in the Town which transmits Non-Cable Services pursuant to authority granted by M.G.L. c. 166 and Title II, which Non-Cable Services are not subject to the Massachusetts Cable Law or Title VI;

WHEREAS, the FTTP Network will occupy the Public Rights-of-Way within the Town, and Licensee desires to use portions of the FTTP Network once installed to provide Cable Services (as hereinafter defined) in the Town;

WHEREAS, Licensee submitted an application dated April 6, 2006, on Cable Division Form 100 for a license to operate and maintain a Cable System in the Town;

WHEREAS, pursuant to 207 CMR 3.03(3), the Issuing Authority released an Issuing Authority Report dated June 27, 2006, and Licensee submitted an amended application dated July 27, 2006;

WHEREAS, pursuant to 207 CMR 3.03(4), the Issuing Authority held a public hearing to assess the qualifications of Licensee, and has found Licensee to be financially, technically and legally qualified to operate the Cable System;

WHEREAS, the Issuing Authority has determined that, in accordance with the provisions of the Massachusetts Cable Law, the grant of a nonexclusive License to Licensee is consistent with the public interest;

WHEREAS, the Issuing Authority and Licensee have reached agreement on the terms and conditions set forth herein and the parties have agreed to be bound by those terms and conditions;

WHEREAS, the Issuing Authority exercised diligent efforts to ensure that the terms and conditions in this License are, when taken as a whole in light of all relevant circumstances, not more favorable nor less burdensome than those terms and conditions contained in the License between the Town and Comcast (a transferee from Media One of Massachusetts Inc.) effective

on January 14, 2000, and the Issuing Authority has made findings reasonably demonstrating such equivalency of overall benefits and burdens.

NOW, THEREFORE, in consideration of the Issuing Authority's grant of a License to Licensee, Licensee's promise to provide Cable Service to residents of the Town pursuant to the terms and conditions set forth herein, and for other good and valuable consideration, the receipt and the adequacy of which are hereby acknowledged,

THE SIGNATORIES DO HEREBY AGREE AS FOLLOWS:

No privilege or power of eminent domain is bestowed by this grant; nor is such a privilege or power bestowed by this Agreement.

2.2. *Issuing Authority Does Not Regulate Telecommunications:* The Issuing Authority's regulatory authority under Title VI does not extend to the construction, installation, maintenance or operation of the FTTP Network to the extent the FTTP Network is constructed, installed, maintained or operated for the purpose of upgrading and/or extending Verizon's existing Telecommunications Facilities for the provision of Non-Cable Services.

2.3. *Term:* This License shall become effective on April 23, 2007 (the "Effective Date"). The term of this License shall be fifteen (15) years from the Effective Date unless this License is earlier revoked or terminated as provided herein, or surrendered.

2.4. *Grant Not Exclusive:* This License and the rights granted herein to use and occupy the Public Rights-of-Way to provide Cable Services shall not be exclusive, and the Issuing Authority reserves the right to grant other licenses for similar uses or for other uses of the Public Rights-of-Way, or any portions thereof, to any Person, or to make any such use themselves, at any time during the term of this License. Any such rights which are granted after the Effective Date shall not be inconsistent with the rights granted under this License and shall not interfere with the existing facilities of the Cable System or the FTTP Network.

2.5. *License Subject to Federal and State Law/Preemption:* This License is subject to and shall be governed by all applicable provisions of federal and State law and regulations as they may be amended, including but not limited to the Communications Act and the Massachusetts Cable Law. In the event that federal or State law, rules, or regulations preempt a provision or limit the enforceability of a provision of this License, the provision shall be read to be preempted to the extent, and for the time, but only to the extent and for the time, required by law. In the event such federal or State law, rule or regulation is subsequently repealed, rescinded, amended or otherwise changed so that the provision hereof that had been preempted is no longer preempted, such provision shall return to full force and effect, and shall thereafter be binding on the parties hereto, without the requirement of further action on the part of the parties hereto. Notwithstanding the foregoing, if subsequent to the Effective Date, there is a change in federal or State law that eliminates the authority of the Issuing Authority to require, grant or maintain this License, then to the extent permitted under law this License shall survive such legislation and remain in effect for the term of this License.

2.6. *No Waiver:*

2.6.1. The failure of the Issuing Authority on one or more occasions to exercise a right or to require compliance or performance under this License, the Massachusetts Cable Law or any other applicable law shall not be deemed to constitute a waiver of such right or a waiver of compliance or performance by the Issuing Authority, nor to excuse Licensee from complying or performing, unless such right or such compliance or performance has been specifically waived in writing.

2.6.2. The failure of the Licensee on one or more occasions to exercise a right under this License or applicable law, or to require performance under this License, shall not be deemed to constitute a waiver of such right or of performance of this Agreement, nor shall it excuse the Issuing Authority from performance, unless such right or performance has been specifically waived in writing.

2.7. *Construction of Agreement:*

2.7.1. The provisions of this License shall be liberally construed to effectuate their objectives.

2.7.2. Nothing herein shall be construed to limit the scope or applicability of Section 625 of the Communications Act, 47 U.S.C. § 545.

2.7.3. Should any change to State law have the lawful effect of materially altering the terms and conditions of this License, then the parties shall modify this License to the mutual satisfaction of both parties to ameliorate the negative effects on the Licensee of the material alteration. If the parties cannot reach agreement on the above-referenced modification to this License, then Licensee may terminate this Agreement without further obligation to the Town or, at Licensee's option, the parties agree to submit the matter to binding arbitration in accordance with the commercial arbitration rules of the American Arbitration Association.

2.8. *Police Powers:* Nothing in this License shall be construed to prohibit the reasonable, necessary and lawful exercise of the Town's police powers. However, if the

reasonable, necessary and lawful exercise of the Town's police power results in any material alteration of the terms and conditions of this License, then the parties shall modify this License to the mutual satisfaction of both parties to ameliorate the negative effects on the Licensee of the material alteration. If the parties cannot reach agreement on the above-referenced modification to this License, then Licensee may terminate this Agreement without further obligation to the Town or, at Licensee's option, the parties agree to submit the matter to binding arbitration in accordance with the commercial arbitration rules of the American Arbitration Association.

3. PROVISION OF CABLE SERVICE

3.1. *Service Area:*

3.1.1. Licensee shall offer Cable Service to substantially all residential households served by aerial plant, and may make Cable Service available to businesses in the Service Area, within twelve (12) months of the Effective Date, and shall offer Cable Service to all residential areas of the Service Area within five (5) years of the Effective Date, except: (A) for periods of Force Majeure; (B) for periods of delay caused by the Town; (C) for periods of delay resulting from Licensee's inability to obtain authority to access rights-of-way in the Service Area; (D) in areas where developments or buildings are subject to claimed exclusive arrangements with other providers; (E) in areas, developments or buildings where Licensee cannot access under reasonable terms and conditions after good faith negotiation, as determined by Licensee; and (F) in areas, developments or buildings where Licensee is unable to provide Cable Service for stated technical reasons or which require non-standard facilities which are not available on a commercially reasonable basis, upon reasonable written request of the Issuing Authority, Licensee shall keep the Issuing Authority reasonably apprised of the status of offering Cable Service in the Town pursuant to the terms of the previous sentence; and (G) in new residential areas where the occupied residential household density does not meet the density requirement set forth in Section 3.1.2.

3.1.2. *Density Requirements for New Areas of the Town:* Licensee shall not be obligated to make Cable Service available to new residential areas in the Town with less than ten (10) homes per aerial mile and fifteen (15) homes per underground mile with both measured in strand footage from the nearest technically feasible point on the active FTTP Network trunk or feeder line. Should a new residential area in the Town meet the density requirement and subject to timeframe for making Cable Service available in the Town in Section 3.1.1, Licensee shall provide Cable Service to such area within six (6) months of receiving notice from the Issuing Authority that the density requirements have been met.

3.1.3. *Additional Service Area:* Except for the Service Area, Licensee shall not be required to extend its Cable System or to provide Cable Services to any other areas within the Town during the term of this License or any renewals thereof. If licensee desires to add additional service areas within the Town, Licensee shall notify the Issuing Authority in writing of such additional service area at least ten (10) days prior to providing Cable Service in such areas.

3.2. *Availability of Cable Service:* Licensee shall make Cable Service available to all residential dwelling units, and may make Cable Service available to businesses, within the Service Area in conformance with Section 3.1 and Licensee shall not discriminate between or among any individuals in the availability of Cable Service. In the areas in which Licensee provides Cable Service, Licensee shall be required to connect, at Licensee's expense, all residential dwelling units that are within two hundred (200) aerial feet and one hundred fifty (150) underground feet of trunk or feeder lines not otherwise already served by Licensee's FTTP Network. Licensee shall be allowed to recover, from a Subscriber that requests such connection, actual costs incurred for residential dwelling unit connections that exceed two hundred (200) aerial feet and one hundred fifty (150) underground feet and actual costs incurred to connect any non-residential dwelling unit Subscriber.

3.3. *Cable Service to Public Buildings:* Subject to Section 3.1, the Licensee shall provide one Cable Service drop, outlet and monthly Basic Service along its activated Cable System route in the Town, as required by M.G.L. Chapter 166A, Section 5(e) at no cost to public schools, police and fire stations, public libraries and other public buildings designated in writing by the Issuing Authority. All such written designations shall include the street address of each building. The current designation of such buildings and their addresses is set forth in **Exhibit B**. The Licensee shall coordinate the location of each outlet with representatives for each of the buildings receiving service pursuant to this Section 3.3.

4. SYSTEM OPERATION

The parties recognize that the FTTP Network is being constructed and will be operated and maintained as an upgrade to and/or an extension of Licensee's existing Telecommunications Facilities under Title II and M.G.L. c. 166. The jurisdiction of the Town over such Telecommunications Facilities is restricted by federal and state law, and the Town does not and will not assert jurisdiction over Licensee's FTTP Network in contravention of those limitations.

5. SYSTEM FACILITIES

5.1. *System Characteristics:* Licensee's Cable System shall meet or exceed the following requirements:

5.1.1. The System shall be designed with an initial digital carrier and analog passband of between 50 and 860 MHz.

5.1.2. The System shall be designed to be an active two-way plant for subscriber interaction, if any, required for the selection or use of Cable Service.

5.1.3. The Cable System shall comply with applicable FCC technical standards, as such standards may be amended from time to time.

5.1.4. The Cable System shall conform in all material respects to the following standards to the extent applicable: Occupational Safety and Health Administration regulations, the National Electrical Code, and the National Electrical Safety Code.

5.2. *Interconnection:* The Licensee shall design its Cable System so that it may be interconnected with other cable systems in the Town. Interconnection of systems may be made by direct cable connection, microwave link, satellite, or other appropriate methods.

5.3. *Emergency Alert System:* Licensee shall comply with the Emergency Alert System ("EAS") requirements of the FCC in order that emergency messages may be distributed over the System.

5.4. *Parental Control Capability:* The Licensee shall comply with all applicable requirements of federal law governing Subscribers' capability to control the reception of any channels being received on their television sets.

5.5. *Remote Controls:* Licensee shall allow Subscribers to utilize remote control devices which are compatible with the converters provided by Licensee. The Licensee may charge for the use or purchase of any converters or remote controls that the Licensee provides.

6. PEG SERVICES AND SUPPORT

6.1. *PEG Set Aside; Interconnection:*

6.1.1. In order to ensure universal availability of PEG programming, Licensee shall provide capacity on its Basic Service tier for three (3) Channels for Public Access, Educational Access and Government Access (collectively, "PEG Channels").

6.1.2. The Issuing Authority hereby authorizes Licensee to transmit such programming within and without the Town's jurisdictional boundaries. The Licensee reserves the right to locate the PEG Access Channels within its Channel lineup in its discretion. If a PEG Channel provided under this Article is not being utilized by the Town, Licensee may utilize such PEG Channel, in its sole discretion, until such time as the Town elects to utilize the PEG Channel for its intended purpose. In the event that the Town determines to use such PEG capacity, the Town shall provide Licensee with 120 days' prior written notice of such request.

6.1.3. Licensee shall use reasonable efforts to interconnect its Cable System with the existing cable operator(s). Prior to the Service Date, the Licensee shall initiate interconnection negotiations and negotiate in good faith with the existing cable operator(s) in the Town to cablecast, on a live basis, all PEG programming, consistent with the terms of this License. Interconnection may be accomplished by direct cable, microwave link, satellite or other reasonable method of connection. Licensee shall negotiate in good faith with existing cable operator(s) respecting reasonable, mutually convenient, cost-effective, and technically viable interconnection points, methods, terms and conditions. The Issuing Authority shall make a good faith effort to have the existing cable operator(s) provide such interconnection to the Licensee on reasonable terms and conditions. The Licensee and the existing cable operator(s) shall negotiate the precise terms and conditions of an interconnection agreement. Licensee shall have six (6) months from the Effective Date to negotiate an interconnection agreement (provided that the Issuing Authority and Licensee may agree to additional time). Upon request of Licensee, the Issuing Authority shall assist in mediating disputes. If no agreement is reached within the above

time frame, the Issuing Authority shall designate an alternative point of interconnection to obtain and transmit PEG programming; provided that the Licensee shall have twelve months (12) to accomplish such alternative interconnection, and provided further that the Issuing Authority shall cooperate with the Licensee's efforts pursuant to this Section 6.1.3, provided, however, that the Issuing Authority need not be present during interconnection negotiations.

6.2. PEG/INET Grant and PEG Access/INET Support:

6.2.1. Licensee shall provide a PEG/INET grant to the Town or its designee to be used for the support of the production of local PEG programming (the "PEG/INET Grant"). Such grant shall be used by the Town or its designee solely for PEG access equipment, including, but not limited to, studio and portable production equipment, editing equipment and program playback equipment, or for renovation or construction of PEG access facilities, or for equipment to facilitate transmission of PEG programming over Town network facilities and/or I-Net-related upgrades, rentals, leases and equipment as determined in accordance herewith. The PEG/INET Grant provided by Licensee hereunder shall be Three Hundred Fifty Thousand Dollars (\$350,000) payable as follows: (i) within one year of the Effective Date – One Hundred Ten Thousand Dollars (\$110,000); (ii) on the second anniversary of the Effective Date – Ten Thousand Dollars (\$10,000); (iii) on the third anniversary of the Effective Date – One Hundred Ten Thousand Dollars (\$110,000); (iv) on the fourth anniversary of the Effective Date – Ten Thousand Dollars (\$10,000); (v) on the fifth anniversary of the Effective Date – Ten Thousand Dollars (\$10,000); and (vi) on the sixth anniversary of the Effective Date – One Hundred Thousand Dollars (\$100,000).

6.2.2. The Licensee shall provide annual funding to the Issuing Authority and/or its designee(s) for any cable related purpose, including PEG Access/INET operating support and/or other PEG Access costs and expenses in the amount of two and a half percent (2.5%) of the Licensee's annual Gross Revenue, subject to the limitation in Section 7.2; provided, however, that the Licensee shall be able to offset against this percentage the costs to interconnect under Subsection 6.1.3 up to one and a half percent (1.5%) of the PEG Access/INET Support. Further, if the renewal license of the incumbent cable operator (or its successor or assign) in the Town provides for the incumbent to pay a different percentage during a time period of this License, then the percentage of the Licensee's PEG Access/INET Support payments shall be adjusted to match such percentage over that same time period; provided, however, that in no event shall the Licensee's PEG Access/INET Support percentage drop below one percent (1%) of the Licensee's annual Gross Revenue. The PEG Access/INET Support payments made directly to the Issuing Authority shall be placed by the Issuing Authority in a restricted account for cable related purposes in the nature of a grant account and not into the general fund, which account will be under the control of the Issuing Authority.

6.2.3. The PEG Access/INET Support payments (Section 6.2.2) shall be made no later than forty-five (45) days following the end of each calendar quarter. Licensee shall be allowed to submit or correct any payments that were incorrectly omitted, or shall be refunded any payments that were incorrectly submitted, in connection with the quarterly remittances within ninety (90) days following the close of the calendar year for which such payments were applicable. For purposes of the PEG Access/INET Support payment, the period for determining Gross Revenues shall be the preceding calendar quarter. If Cable Services

subject to the calculation of Gross Revenues are provided to Subscribers in conjunction with Non-Cable Services, the amount of such revenue included in the calculation of Gross Revenues shall be only the value of the Cable Services, as reflected on the books and records of Licensee in accordance with FCC or State rules, regulations, standards or orders.

6.3. *Indemnity for PEG.* The Issuing Authority shall require all local producers and users of any of the PEG facilities or Channels to agree in writing to authorize Licensee to transmit programming consistent with this License and to hold harmless and defend Licensee and the Town from and against any and all liability or other injury, including the reasonable cost of defending claims or litigation, arising from or in connection with claims for failure to comply with applicable federal laws, rules, regulations or other requirements of local, state or federal authorities; for claims of libel, slander, invasion of privacy, or the infringement of common law or statutory copyright; for unauthorized use of any trademark, trade name or service mark; for breach of contractual or other obligations owing to third parties by the producer or user; and for any other injury or damage in law or equity, which result from the use of a PEG facility or Channel. The Issuing Authority shall establish rules and regulations for use of PEG facilities consistent with, and as required by, Section 611 of the Communications Act (47 U.S.C. § 531).

6.4. *Recovery of Costs.* To the extent permitted by federal law, the Licensee shall be allowed to recover the costs of the PEG/INET Grant, the PEG Access/INET Support and any other costs arising from the provision of PEG services and INET-related payments from Subscribers and to include such costs as a separately billed line item on each Subscriber's bill. Without limiting the foregoing, if allowed under State and federal laws, Licensee may externalize, line-item, or otherwise pass-through interconnection costs to Subscribers.

6.5. *Late Payments:* In the event that any of the PEG/INET Grant (Section 6.2.1.) or the PEG Access/INET Support (Section 6.2.2.) is not paid on or before the due date set forth in this License for such payments, and such failure continues for a period of thirty (30) days after written notice thereof from the Issuing Authority to the Licensee, then interest shall accrue from the due date until the date paid at the rate equal to the lesser of (i) two percent (2%) per annum above the prime rate as reported in the Wall Street Journal, or (ii) eighteen (18%) per annum, in either case compounded annually.

7. LICENSE FEES

7.1. *License Fee:* Pursuant to Section 9 of the Massachusetts Cable Law, the Licensee shall pay to the Town, throughout the term of this License, a license fee equal to fifty cents (\$.50) per Subscriber per year (the "License Fee").

7.2. *Maximum Financial Obligation:* The Licensee shall not be liable for a total financial commitment pursuant to this License and applicable law in excess of five percent (5%) of its annual Gross Revenues; provided that such five percent (5%) shall include (i) the License Fee payable to the Town (Section 7.1), (ii) the license fee payable to the Commonwealth of Massachusetts pursuant to Section 9 of the Massachusetts Cable Law, and (iii) the PEG Access/INET Support (Section 6.2.2), but it shall not include (A) the PEG/INET Grant (Section

6.2.1.), (B) PEG Interconnection costs (Section 6.1.3.), and (C) any other exclusions to franchise fees pursuant to Section 622(g)(2) of the Communications Act.

7.3. *Payment Information:* In determining the License Fee, the number of Subscribers shall be measured as of December 31 of the preceding calendar year. The License Fee shall be paid no later than March 15 of each year during the term of this License.

7.4. *Limitation on Actions:* The parties agree that the period of limitation for recovery of any payment obligation under this Agreement shall be three (3) years from the date on which payment by Licensee is due.

8. CUSTOMER SERVICE

Customer Service Requirements are set forth in Exhibit D, which shall be binding unless amended by written consent of the parties.

9. REPORTS AND RECORDS

9.1. *Open Books and Records:* Upon reasonable written notice to the Licensee and with no less than thirty (30) business days written notice to the Licensee, the Issuing Authority shall have the right to inspect Licensee's books and records pertaining to Licensee's provision of Cable Service in the Town at any time during Normal Business Hours and on a nondisruptive basis, as are reasonably necessary to ensure compliance with the terms of this License. Such notice shall specifically reference the section or subsection of this License which is under review, so that Licensee may organize the necessary books and records for appropriate access by the Issuing Authority. Licensee shall not be required to maintain any books and records for License compliance purposes longer than three (3) years. If the Licensee believes that the requested information is confidential, the Licensee shall provide the following information to the Issuing Authority: (i) specific identification of the information; (ii) a statement attesting to the reason(s) the Licensee believes the information is confidential; and (iii) a statement that the documents are available at the Licensee's offices for inspection by the Issuing Authority. The Issuing Authority shall take reasonable steps consistent with public records laws to protect the confidential nature of any books, records, maps, plans or other requested documents that are provided to the extent they are designated as such by the Licensee in accordance herewith, including without limitation, cooperating with the Licensee's exercise of its rights to protect its confidential information from public disclosure. The Issuing Authority shall treat any information disclosed by Licensee as confidential and shall only disclose it to employees, representatives, and agents thereof that have a need to know, or in order to enforce the provisions hereof. Licensee shall not be required to provide Subscriber information in violation of Section 631 of the Communications Act, 47 U.S.C. § 551.

9.2. *Records Required:* Licensee shall at all times maintain:

9.2.1. Records of all written complaints for a period of three (3) years after receipt by Licensee. The term "complaint" as used herein shall mean any written or verbal contact with Licensee in connection with a subscription in which a Subscriber expresses

dissatisfaction with an act, omission, product or service relating to the provision of Cable Services in the Town that is (i) within Licensee's control, and (ii) requires a corrective measure on the part of Licensee. Complaints recorded will not be limited to complaints requiring an employee service call;

9.2.2. Records of outages for a period of three (3) years after occurrence, indicating date, duration, area, and the number of Subscribers affected, type of outage, and cause;

9.2.3. Records of service calls for repair and maintenance for a period of three (3) years after resolution by Licensee, indicating the date and time service was required, the date of acknowledgment and date and time service was scheduled (if it was scheduled), and the date and time service was provided, and (if different) the date and time the problem was resolved;

9.2.4. Records of installation/reconnection and requests for service extension for a period of three (3) years after the request was fulfilled by Licensee, indicating the date of request, date of acknowledgment, and the date and time service was extended; and

9.2.5. A map showing the area of coverage for the provisioning of Cable Services and estimated timetable to commence providing Cable Service.

9.3. *Additional Reports:* Upon written request by the Issuing Authority, the Licensee shall provide a copy of any documents or forms filed by the Licensee with the FCC and/or the DTE that materially pertain to the Licensee's Cable System in the Town.

9.4. *Proof of Performance Tests:* Upon written request of the Issuing Authority, the Licensee shall provide a copy of proof of performance tests required by applicable law.

9.5. *Annual Performance Review:* The Issuing Authority may, at its discretion but not more than once per twelve-month period, hold a performance evaluation session. The purpose of such evaluation session shall be to review the Licensee's compliance with the terms and conditions of this License. The Issuing Authority shall provide the Licensee with thirty (30) days advance written notice of such evaluation session. If requested in writing by the Licensee, the Issuing Authority shall provide the Licensee with a written report with respect to the Licensee's compliance within thirty (30) days after the conclusion of such evaluation session.

9.6. *Quality of Service:* If there exists credible evidence which, in the reasonable judgment of the Issuing Authority, casts doubt upon the reliability or technical quality of the Licensee's Cable Services in the Town, then, after notice to Licensee and an opportunity to cure, the Issuing Authority shall have the right to require the Licensee to test, analyze and report in writing on the performance of the Cable System.

10. INSURANCE AND INDEMNIFICATION

10.1. Insurance:

10.1.1. Licensee shall maintain in full force and effect, at its own cost and expense, during the term of this License, the following insurance coverage:

10.1.1.1. Commercial General Liability Insurance in the amount of one million dollars (\$1,000,000) combined single limit for property damage and bodily injury. Such insurance shall cover the construction, operation and maintenance of the Cable System, and the conduct of Licensee's Cable Service business in the Town.

10.1.1.2. Automobile Liability Insurance in the amount of one million dollars (\$1,000,000) combined single limit for bodily injury and property damage coverage.

10.1.1.3. Workers' Compensation Insurance meeting all legal requirements of the Commonwealth of Massachusetts.

10.1.1.4. Employers' Liability Insurance in the following amounts: (A) Bodily Injury by Accident: \$100,000; and (B) Bodily Injury by Disease: \$100,000 employee limit; \$500,000 policy limit.

10.1.1.5. Excess liability or umbrella coverage of not less than five million dollars (\$5,000,000).

10.1.2. The Town shall be designated as additional insured under each of the insurance policies required in this Article 10 except Worker's Compensation and Employer's Liability Insurance.

10.1.3. Licensee shall not cancel any required insurance policy without submitting documentation to the Issuing Authority verifying that the Licensee has obtained alternative insurance in conformance with this Agreement.

10.1.4. Each of the required insurance policies shall be with sureties qualified to do business in the State of Massachusetts, with a B+ or better rating for financial condition and financial performance by Best's Key Rating Guide, Property/Casualty Edition.

10.1.5. Licensee shall deliver to the Issuing Authority Certificates of Insurance showing evidence of the required coverage.

10.1.6. All insurance policies shall have a thirty (30) day notice of cancellation provision.

10.2. Indemnification:

10.2.1. Licensee shall indemnify and hold the Town, its officials, boards, committees, agents and employees harmless at all times during the term of this License from any and all claims, suits and actions for injury and damage to persons or property, both real and personal, caused by the installation, operation, or maintenance of the Cable System. The Town shall provide the Licensee with written notice of a claim, suit or action for which it seeks

indemnification under this Section 10.2 within a reasonable time after receipt of such claim, suit or action; provided that in any event the Town shall provide the Licensee with such written notice within a period of time that does not prejudice the Licensee's ability to respond, dismiss or defend the claim or action. Notwithstanding the foregoing, Licensee shall not indemnify the Town for any damages, liability or claims resulting from the willful misconduct or negligence of the Town, its officers, agents, employees, attorneys, consultants, independent contractors or third parties or for any activity or function conducted by any Person other than Licensee in connection with PEG Access or EAS, or the distribution of any Cable Service over the Cable System.

10.2.2. With respect to Licensee's indemnity obligations set forth in Section 10.2.1, Licensee shall, at its own expense, provide the defense of any claims brought against the Town by selecting counsel of Licensee's choice to defend the claim, subject to the consent of the Town, which shall not unreasonably be withheld. Nothing herein shall be deemed to prevent the Town from cooperating with the Licensee and participating in the defense of any litigation by its own counsel at its own cost and expense, provided however, that after consultation with the Town, Licensee shall have the right to defend, settle or compromise any claim or action arising hereunder, and Licensee shall have the authority to decide the appropriateness and the amount of any such settlement. In the event that the terms of any such settlement includes the release of the Town and the Town does not consent to the terms of any such settlement or compromise, Licensee shall not settle the claim or action but its obligation to indemnify the Town shall in no event exceed the amount of such settlement.

10.3. *Performance Bond.* Prior to the Service Date, Licensee shall provide to the Town, and shall maintain throughout the term of this License, a performance bond in the Town's favor in the amount of Twenty Five Thousand Dollars (\$25,000) securing the performance of Licensee's obligations under this License. The performance bond shall be substantially in the form of **Exhibit E**. In the event that a performance bond provided pursuant to this License is not renewed or is cancelled, Licensee shall provide new security pursuant to this Article within thirty (30) days of such failure to renew or cancellation. Neither cancellation, nor termination nor refusal by the surety to extend the bond, nor the inability of Licensee to file a replacement bond or replacement security for its obligations under this License, shall constitute a loss to the Town recoverable under the bond.

11. TRANSFER OF LICENSE

Subject to Section 617 of the Communications Act, 47 U.S.C. § 537, no Transfer of this License shall occur without the prior consent of the Issuing Authority, provided that such consent shall not be unreasonably withheld, delayed or conditioned. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, by assignment of any rights, title, or interest of the Licensee in this License or the Cable System in order to secure indebtedness, or otherwise for transactions otherwise excluded under Section 1.41.2 above.

12. RENEWAL OF LICENSE

12.1. *Governing Law:* The Town and Licensee agree that any proceedings undertaken by the Town that relate to the renewal of this License shall be governed by and

comply with the provisions of Section 626 of the Communications Act, 47 U.S.C. § 546 and applicable provisions of the Massachusetts Cable Law and Section 14.12 below.

12.2. *Needs Assessments*: In addition to the procedures set forth in Section 626 of the Communications Act, the Town shall notify Licensee of all of its assessments regarding the identity of future cable-related community needs and interests, as well as the past performance of Licensee under the terms of this License. Such assessments shall be provided to Licensee by the Town such that Licensee has adequate time to submit a proposal under Section 626 of the Communications Act and complete renewal of this License prior to expiration of its term.

12.3. *Informal Negotiations*: Notwithstanding anything to the contrary set forth herein, Licensee and the Town agree that at any time during the term of the then current License, while affording the public appropriate notice and opportunity to comment, the Town and Licensee may agree to undertake and finalize informal negotiations regarding renewal of the then current License and the Issuing Authority may grant a renewal thereof.

12.4. *Consistent Terms*: Licensee and the Town consider the terms set forth in this Article 12 to be consistent with the express provisions of Section 626 of the Communications Act.

13. ENFORCEMENT AND TERMINATION OF LICENSE

13.1. *Notice of Violation*: If at any time the Issuing Authority believes that Licensee has not complied with the terms of this License, the Issuing Authority shall informally discuss the matter with Licensee, however the Issuing Authority reserves the right to inform Licensee in writing prior to informal discussions. If these discussions do not lead to resolution of the problem in a reasonable time, the Issuing Authority shall then notify Licensee in writing of the exact nature of the alleged noncompliance (for purposes of this Article, the "Noncompliance Notice").

13.2. *Licensee's Right to Cure or Respond*: Licensee shall have thirty (30) days from receipt of the Noncompliance Notice to: (i) respond to the Issuing Authority, if Licensee contests (in whole or in part) the assertion of noncompliance; (ii) cure such noncompliance; or (iii) in the event that, by its nature, such noncompliance cannot be cured within such thirty (30) day period, initiate reasonable steps to remedy such noncompliance and notify the Issuing Authority of the steps being taken and the date by which they are projected to be completed. Upon cure of any noncompliance, the Town shall provide Licensee with written confirmation that such cure has been effected.

13.3. *Public Hearing*: In the event that Licensee fails to respond to the Noncompliance Notice pursuant to the procedures required by this Article, or in the event that the alleged noncompliance is not remedied within thirty (30) days or the date projected pursuant to Section 13.2(iii) above, if the Town seeks to continue its investigation into the alleged noncompliance, then the Issuing Authority shall schedule a public hearing. The Issuing Authority shall provide Licensee at least thirty (30) business days prior written notice of such

public hearing, which will specify the time, place and purpose of such public hearing, and provide Licensee the opportunity to be heard.

13.4. *Enforcement:* Subject to applicable federal and State law, in the event the Issuing Authority, after the public hearing set forth in Section 13.3, determines that Licensee is in default of any provision of this License, the Issuing Authority may:

13.4.1. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages; or

13.4.2. Commence an action at law for monetary damages or seek other equitable relief; or

13.4.3. In the case of a substantial noncompliance of a material provision of this License, seek to revoke this License in accordance with Section 13.5.

13.5. *Revocation:* Should the Issuing Authority seek to revoke this License after following the procedures set forth in this Article, including the public hearing described in Section 13.3, the Issuing Authority shall give written notice to Licensee of such intent. The notice shall set forth the specific nature of the noncompliance. The Licensee shall have ninety (90) days from receipt of such notice to object in writing and to state its reasons for such objection. In the event the Issuing Authority has not received a satisfactory response from Licensee, it may then seek termination of this License at a second public hearing. The Issuing Authority shall cause to be served upon the Licensee, at least thirty (30) business days prior to such public hearing, a written notice specifying the time and place of such hearing and stating its intent to revoke this License.

13.5.1. At the designated public hearing, Licensee shall be provided a fair opportunity for full participation, including the rights to be represented by legal counsel, to introduce relevant evidence, to require the production of evidence, to compel the relevant testimony of the officials, agents, employees or consultants of the Issuing Authority, to compel the testimony of other persons as permitted by law, and to question and/or cross examine witnesses. A complete verbatim record and transcript shall be made of such hearing.

13.5.2. Following the second public hearing, Licensee shall be provided up to thirty (30) days to submit its proposed findings and conclusions to the Issuing Authority in writing and thereafter the Issuing Authority shall determine (i) whether an event of default has occurred under this License; (ii) whether such event of default is excusable; and (iii) whether such event of default has been cured or will be cured by the Licensee. The Issuing Authority shall also determine whether it will revoke this License based on the information presented, or, where applicable, grant additional time to the Licensee to effect any cure. If the Issuing Authority determines that it will revoke this License, the Issuing Authority shall promptly provide Licensee with a written determination setting forth the Issuing Authority's reasoning for such revocation. Licensee may appeal such written determination of the Issuing Authority to the Cable Division or to an appropriate court, which shall have the power to review the decision of the Issuing Authority *de novo*. Licensee shall be entitled to such relief as the court finds

appropriate. Such appeal must be taken within sixty (60) days of Licensee's receipt of the written determination of the Issuing Authority.

13.5.3. The Issuing Authority may, at its sole discretion, take any lawful action that it deems appropriate to enforce the Issuing Authority's rights under this License in lieu of revocation of this License.

13.6. *Licensee Termination:* Licensee shall have the right to terminate this License and all obligations hereunder within ninety (90) days after the end of three (3) years from the Service Date of this License, if at the end of such three (3) year period Licensee does not then in good faith believe it has achieved a commercially reasonable level of Subscriber penetration on its Cable System. Licensee may consider Subscriber penetration levels outside the Town in this determination. Notice to terminate under this Section 13.6 shall be given to the Town in writing, with such termination to take effect no sooner than one hundred and twenty (120) days after giving such notice. Licensee shall also be required to give its then current Subscribers not less than ninety (90) days prior written notice of its intent to cease Cable Service operations.

14. MISCELLANEOUS PROVISIONS

14.1. *Actions of Parties:* In any action by the Town or Licensee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious, and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld, delayed or conditioned.

14.2. *Binding Acceptance:* This Agreement shall bind and benefit the parties hereto and their respective heirs, beneficiaries, administrators, executors, receivers, trustees, successors and assigns, and the promises and obligations herein shall survive the expiration date hereof.

14.3. *Preemption:* In the event that federal or State law, rules, or regulations preempt a provision or limit the enforceability of a provision of this Agreement, the provision shall be read to be preempted to the extent and for the time, but only to the extent and for the time, required by law. In the event such federal or State law, rule or regulation is subsequently repealed, rescinded, amended or otherwise changed so that the provision hereof that had been preempted is no longer preempted, such provision shall thereupon return to full force and effect, and shall thereafter be binding on the parties hereto, without the requirement of further action on the part of the Issuing Authority.

14.4. *Force Majeure:* The parties shall not be held in default under, or in noncompliance with, the provisions of this License, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by a Force Majeure, provided that the Licensee takes reasonable steps under the circumstances to comply with the obligations of the License to the maximum extent possible without endangering the health or safety of the Licensee's employees or property, or the health or safety of the Town or the public, or their property. In the event that any such delay in

performance or failure to perform affects only part of the Licensee's capacity to perform, the Licensee shall perform to the maximum extent it is able to do so in as expeditious a manner as possible under the circumstances. If either party's performance under this License is affected by Force Majeure, it shall notify the other party within a reasonable period of time under the circumstances after it has knowledge of the Force Majeure event. Furthermore, the parties hereby agree that it is not the Town's intention to subject Licensee to penalties, fines, forfeitures or revocation of this License for violations of this License where the violation was a good faith error that resulted in no or minimal negative impact on Subscribers.

14.5. *Notices:* Unless otherwise expressly stated herein, notices required under this License shall be mailed first class, postage prepaid, to the addressees below. Each party may change its designee by providing written notice to the other party.

14.7. *Amendments:* Amendments or modifications to this License shall be mutually agreed to in writing by the parties.

14.8. *Captions:* The captions and headings of articles and sections throughout this Agreement are intended solely to facilitate reading and reference to the sections and provisions of this Agreement. Such captions shall not affect the meaning or interpretation of this Agreement.

14.9. *Severability*: If any section, subsection, sentence, paragraph, term, or provision hereof is determined to be illegal, invalid, or unenforceable by any court of competent jurisdiction or by any State or federal regulatory authority having jurisdiction thereof, such determination shall have no effect on the validity of any other section, subsection, sentence, paragraph, term or provision hereof, all of which will remain in full force and effect for the term of this License.

14.10. *Recitals*: The recitals set forth in this Agreement are incorporated into the body of this Agreement as if they had been originally set forth herein.

14.11. *FTTP Network Transfer Prohibition*: Under no circumstance including, without limitation, upon expiration, revocation, termination, surrender, denial of renewal of this License or any other action to forbid or disallow Licensee from providing Cable Services, shall Licensee or its assignees be required to sell any right, title, interest, use or control of any portion of Licensee's FTTP Network including, without limitation, the Cable System and any capacity used for Cable Service or otherwise, to the Town or any third party. Licensee shall not be required to remove the FTTP Network or to relocate the FTTP Network or any portion thereof as a result of revocation, expiration, termination, surrender, denial of renewal or any other action to forbid or disallow Licensee from providing Cable Services. This provision is not intended to contravene leased access requirements under Title VI or the PEG requirements set out in this Agreement.

14.12. *Interpretation*: The Town and Licensee each acknowledge that it has received independent legal advice in entering into this Agreement. In the event that a dispute arises over the meaning or application of any term(s) of this Agreement, such term(s) shall not be construed by the reference to any doctrine calling for ambiguities to be construed against the drafter of the Agreement.

14.13. *No Third Party Beneficiary*: Nothing in this License shall be construed to create or confer any rights or benefits to any third party.

CUSTOMER SERVICE STANDARDS

These standards shall, starting twelve (12) months after the Service Date, apply to the Licensee to the extent it is providing Cable Services over the Cable System in the Town.

SECTION 1: DEFINITIONS

A. **Respond:** Licensee's investigation of a Service Interruption by receiving a Subscriber call and opening a trouble ticket, if required.

B. **Service Call:** The action taken by the Licensee to correct a Service Interruption the effect of which is limited to an individual Subscriber.

C. **Significant Outage:** A significant outage of the Cable Service shall mean any Service Interruption lasting at least four (4) continuous hours that affects at least ten percent (10%) of the Subscribers in the Service Area.

D. **Standard Installation:** Installations where the Subscriber is within two hundred (200) aerial feet or one hundred fifty (150) underground feet of trunk or feeder lines.

SECTION 2: TELEPHONE AVAILABILITY

A. The Licensee shall maintain a toll-free number to receive all calls and inquiries from Subscribers in the Town and/or residents regarding Cable Service. Licensee representatives trained and qualified to answer questions related to Cable Service in the Service Area must be available to receive reports of Service Interruptions twenty-four (24) hours a day, seven (7) days a week, and other inquiries at least forty-five (45) hours per week. Licensee representatives shall identify themselves by name when answering this number.

B. The Licensee's telephone numbers shall be listed, with appropriate description (e.g. administration, customer service, billing, repair, etc.), in the directory published by the local telephone company or companies serving the Service Area, beginning with the next publication cycle after acceptance of this License by the Licensee.

C. Licensee may use an Automated Response Unit ("ARU") or a Voice Response Unit ("VRU") to distribute calls. If a foreign language routing option is provided, and the Subscriber does not enter an option, the menu will default to the first tier menu of English options.

After the first tier menu (not including a foreign language rollout) has run through three times, if customers do not select any option, the ARU or VRU will forward the call to a queue for a live representative. The Licensee may reasonably substitute this requirement with another method of handling calls from customers who do not have touch-tone telephones.

D. Under Normal Operating Conditions, calls received by the Licensee shall be answered within thirty (30) seconds. The Licensee shall meet this standard for ninety percent (90%) of the calls it receives at all call centers receiving calls from Subscribers, as measured on a cumulative quarterly calendar basis. Measurement of this standard shall include all calls received by the Licensee at all call centers receiving calls from Subscribers, whether they are answered by a live representative, by an automated attendant, or abandoned after 30 seconds of call waiting.

E. Under Normal Operating Conditions, callers to the Licensee shall receive a busy signal no more than three (3%) percent of the time during any calendar quarter.

F. Upon request from the Town, but in no event more than once a quarter thirty (30) days following the end of each quarter, the Licensee shall report to the Town the following for all call centers receiving calls from Subscribers except for temporary telephone numbers set up for national promotions:

(1) Percentage of calls answered within thirty (30) seconds as set forth in Subsection 2.D.

(2) Percentage of time customers received busy signal when calling the Verizon service center as set forth in Subsection 2.E.

Subject to consumer privacy requirements, underlying activity will be made available to the Town for review upon reasonable request.

G. At the Licensee's option, the measurements and reporting above may be changed from calendar quarters to billing or accounting quarters. The Licensee shall notify the Town of such a change at least thirty (30) days in advance of any implementation.

SECTION 3: INSTALLATIONS AND SERVICE APPOINTMENTS

A. All installations will be in accordance with FCC rules, including but not limited to, appropriate grounding, connection of equipment to ensure reception of Cable Service, and the provision of required consumer information and literature to adequately inform the Subscriber in the utilization of the Licensee-supplied equipment and Cable Service.

The Town may require reasonable documentation to be provided by the Licensee to substantiate the request for additional time to resolve the problem. For purposes of this Section, "resolve" means that the Licensee shall perform those actions, which, in the normal course of business, are necessary to investigate the Customer's complaint and advise the Customer of the results of that investigation.

C. Under Normal Operating Conditions, refund checks will be issued within the next available billing cycle following the resolution of the event giving rise to the refund (e.g., equipment return and final bill payment).

D. Credits for Cable Service will be issued no later than the Subscriber's next available billing cycle, following the determination that a credit is warranted, and the credit is approved and processed. Such approval and processing shall not be unreasonably delayed.

E. Bills shall be considered paid when appropriate payment is received by the Licensee or its' authorized agent. Appropriate time considerations shall be included in the Licensee's collection procedures to assure that payments due have been received before late notices or termination notices are sent.
