DATA SOURCES:

See Section 2.5 and Appendix R of the Middlesex Fells Planning Unit RMP for more information on the historic resources represented here. Prehistoric and historic archaeological resources were intentionally removed from this map.

Historic resources data, excluding the parkway segments, were collected using GPS by DCR staff using a RMP protocol. These data are in DRAFT format. All protected open spaces boundaries are also in DRAFT format.

All background geographic data supplied by the Office of Geographic and Environmental Information (MassGIS). Hydrography data is DEP 1:12,000 wetlands.
