DEFINITION - The term "Household Goods and Furniture" as used in this tariff means: The transportation of furniture and household goods in whole or in part incident to a move by a householder to or from a dwelling and a storage warehouse; or from one dwelling to another.

ESTIMATES/QUOTATIONS - Carrier cannot quote a firm price on a move from a residence or establishment to another if a public way has to be used by a vehicle. He may give a written estimate, but in doing so be qualified to estimate within twenty-five (25%) of the actual charges. The final charges to be assessed shall be in accordance with actual tariff rates.
